

The Charismatic Charlie Wade Chapter 461 – 465

Chapter 461

Wu Qi has completely lost his mind.

At this time, the psychological hints Charlie gave him were extremely strong, driving him to just “fill his stomach” in his mind!

The three classmates collapsed and went forward desperately to pull him away. He lay on the ground like a mad dog, eating and cursing.

The headteacher just ran out with a few doctors. Seeing this scene, the doctors who were used to seeing mental illness were also frightened.

They have seen all kinds of mental illnesses, but this is really the first time they saw...

This is too cruel, right? !

As a result, a bunch of doctors hurried forward and dragged the person back from the sh!t abruptly, then tied the person to a special bed with a fixed belt, and pushed the person into the mental hospital.

At this moment, the entire Aurous Hill School of Finance and Economics is spreading Wu Qi's video.

Countless people will vomit on the spot after watching it, but everyone is still watching it with strong nausea, watching this video of Wu Qi's destruction.

Many people clapped their hands and cheered excitedly when they saw Wu Qi's end, because they in the school knew that Wu Qi was a super pervert. He liked to control

girls psychologically, and then forced them to self-harm and commit suicide. To satisfy his twisted psychology.

Many people with a sense of justice dislike or even hate him, but because no one can provoke him, Wu Qi has never paid any price for his actions.

However, Wu Qi, who likes to give other people psychological hints the most, has turned into a shocking mental retard. This is not only irony, but also a hatred! They are really happy!

The Wu family's private plane has landed at Aurous Hill Airport.

From Suzhou to Hangzhou to Aurous Hill is very close, the high-speed rail only takes about one and a half hours, so there are no flights between the two cities, and it only took half an hour for Wu's private plane to fly here.

After that, Ragnar Wu took Wu Qi's brother Roger Wu and several top doctors and quickly got off the plane.

On the side of the plane, several Rolls-Royce had been waiting for a long time, and the group was divided into three cars and went straight to the SanityLab Hospital.

This Mental Hospital was not far from the airport, so the group rushed to the hospital quickly.

When they reached there, Wu Qi was tightly tied to the bed, struggling with all his strength, and a towel was stuffed into his mouth. This was because he couldn't get away and tried to bite his tongue and kill himself. The doctor blocked his mouth quickly.

At this time, Wu Qi seemed to be suffering from rabies, and the whole person was completely mad.

When Ragnar saw that his son became like this, he was heartbroken and hurriedly stepped forward and said, "Wu Qi, Dad is here!"

Wu Qi can't recognize his father at all at this time, he just wants to fill his stomach...

So he pulled his feet and arms vigorously, his wrists and ankles were tied with belts, so he quickly got all scars and even faint bleeding.

Regnar hurriedly said to the psychiatric expert he had brought: "Look at what is going on!"

The doctor nodded and said, "I will give the second young master a sedative first!"

After speaking, he immediately took out the syringe and sedative from the medicine box he carried, and gave Wu Qi a shot without hesitation.

However, after the needle went down, Wu Qi didn't feel calm at all. He was still struggling desperately, whimpering and saying something, but he couldn't hear clearly because of the towel.

Seeing that the tranquilizer had no effect, Regnar hurriedly asked: "What's going on?!"

The expert was a bit big, and said, "Mr. Regnar, let alone a person, even if it is a cow, he has no reaction at all..."

Chapter 462

Regnar blurted out: "You don't need to say that I also know that he has no reaction at all. I want to ask you, what to do now?"

The expert thought for a while and said: "I want to increase the dose a little bit. In any case, let the young master calm down first."

Regnar nodded and said, "What are you waiting for?!"

Experts said: "Mr. Regnar, excessive use of sedatives can damage the body, so..."

Regnar blurted out: "He is already damaging his own body, and the most important thing is to calm him down quickly!"

"OK!" The expert nodded hurriedly and immediately prepared to increase the dose.

After another shot, Wu Qi still didn't change much.

"It's really weird..." the expert said: "This kind of tranquilizer has a very strong effect. After two injections, the manic elephant will also stop, but the young master is still so irritable, which is really a bit unreasonable."

At this time, the heart expert on the side said: "No, Mr. Wu Qi's body is shaking, as if his heartbeat is fast!"

After that, he immediately took out a portable ECG monitor and turned it on for a test. At this time, Wu Qi's heart rate was as high as 180 beats per minute!

"This...this is the heartbeat index after violent anaerobic exercise... If the young master keeps this heart rate, the heart may not be able to handle it longer!"

Regnar hurriedly asked: "What happens if it doesn't get down?"

Cardiologists said: "This can lead to a heart failure, palpitations, or myocardial infarction, and it will be life-threatening!"

Regnar asked, "What should we do?!"

The cardiologist said: "The best way is to calm down the young master as soon as possible, otherwise, the heart will be difficult to bear this load for too long..."

The psychiatrist on the side said: "But the second young master can't calm down now. After the two sedatives have been taken, he still doesn't get better at all..."

At this time, Wu Qi was still struggling desperately, so that his heartbeat was getting faster and faster!

The cardiologist was anxious, and blurted out: "No way! The heart rate is still rising. If this continues, it will soon be life-threatening!"

Regnar hurriedly asked some Wu Qi's classmates who were already frightened next to him: "What is going on with him tonight? Is there any way to calm him down?"

The three of them look at him and he look at them. One of them plucked up the courage and said, "Hello, uncle, after Wu Qi returned to the bedroom tonight, he started to eat sh!t. When he wants to eat sh!t, no one can stop him. It's only when he is finished eating that he can regain his sanity...The second and third time the same thing happened..."

Regnar's face was extremely cold, and he asked, "In other words, he can only calm down after eating that thing, right?"

"Yes..." Everyone nodded hurriedly.

Roger on the side could not help saying, "Dad, is someone deliberately pulling a revenge on Wu Qi? After all, Wu Qi has indeed hurt some girls from poor families in the past two years in college. It seems that two have died."

Regnar said blankly, "You said it yourself. Those are girls from poor families. Neither the living girl nor the family member of the dead girl can make any waves. I suspect there is something strange."

At this time, the cardiologist said: "Mr. Orvel, the second young master's heart rate has exceeded 220. If this continues, it is estimated that the young master heart will not work soon!"

Regnar gritted his teeth and spit out three words after a while: "Let him eat!"

Wu Qi's brother Roger blurted out: "Dad, I can't let my brother go to the toilet to eat that thing! This...this is too disgusting!"

Regnar said coldly: "Now there is no other way! The most important thing is to save his life! Let him eat first! Wait for him to stabilize before finding a way!"

Chapter 463

This night is destined to be lively and extraordinary.

On the other side, Wu Qi subverted everyone's views. On the other side, Fredmen followed Barena Wei and hurried back to Wei's house without the three hundred-year-old purple ginseng.

Fredmen felt regretful and grateful for not being able to win the 300-year-old best purple ginseng at the auction. Unfortunately, the century-old purple ginseng is naturally not as good as the 300-year-old best purple ginseng. Fortunately, it is enough. Saved more than 90 million...

Barena Wei took him three hundred-year-old purple ginseng to a friend to buy them, and they spent three million in total, while Charlie spent 100 million on the three-hundred-year-old purple ginseng.

In comparison, he felt a lot more comfortable in an instant.

At this time, he only hoped that the Wei family's improved prescription would cure his stubborn disease.

Because this medicine placed the hope of the Wei family on the future, all the children of the Wei family were present. Even the head of the Wei family, Youngzheng Wei, came to the huge living room to supervise the scene, carrying his weak body.

Youngzheng Wei is in his sixties this year. Wearing a tunic suit with all white hair and pleats on his face, he swayed when he walked, and he couldn't even straighten his waist. At first glance, when he was young, women played too much, leading to blood loss.

Professor Ke, the chief pharmacist of the Wei family, instructed several assistants at this time. In the living room of the Wei family, micro-reactors, refining machines and centrifuges were placed in preparation for new prescriptions.

Although the three-hundred-year-old purple ginseng was not taken, Professor Ke decided to give it a try.

Because if this medicine really has to use 300-year-old purple ginseng, it will be difficult to mass produce it.

After all, this medicinal material is too expensive and too rare to find.

Therefore, if it can be proved that 100-year-old purple ginseng can be used, even lower purple ginseng can be used, then the production capacity can be greatly enhanced, and the cost can be greatly reduced.

The Wei family was extremely excited up and down.

Because if this medicine can be prepared smoothly and has the expected curative effect, it will be beyond the existence of Western medicine v!agra, and the Wei family may even become a world-class pharmaceutical company with this medicine!

v!agra, a chemical ingredient called sildenafil, has a very good effect on the treatment of weakened male functions. Its previous patent has been in the hands of the well-known American pharmaceutical company Ruihui.

With this drug, Ruihui has increased its market value by tens of billions!

In other words, this medicine has been sold globally, which has earned Ruihui hundreds of billions of dollars!

And if the Wei family's prescription is really done, it will not only improve the abilities of men, but more importantly, it can also regulate and improve the body of men. The effect will be better than that of v!agra!

At that time, once it is sold to the world, it will not make a profit?

Fredmen doesn't know how much profit this medicine will have in the future. What he thinks now is that if this medicine can cure him, he must find a few beautiful women and fight for three days and three nights nonstop!

During this period of time, it really made him want to die!

He looked at Professor Ke nervously. Professor Ke first weighed and distinguished the precious medicinal materials, and then put them into the centrifuge in order.

Professor Ke is a relatively powerful expert in integrated traditional Chinese and Western medicine in China. Traditional medicine uses a method of boiling. The effective ingredients are wasted and the purity is insufficient. Therefore, with the preparation of Western medicine reactors, centrifuges and other equipment, traditional medicine can be made with effective ingredients, the medicinal materials are well retained and purified.

Seeing Fredmen's nervous expression on the side, Youngzheng Wei smiled and said to Fredmen: "Fredmen, this is an improved new generation formula based on the top secret prescriptions of our Wei family. Professor Ke's calculations and speculations have completely eliminated them. All the toxic and side effects are genuine magical medicines at a reasonable price."

When Fredmen heard this, he couldn't help but looked excited, and said, "That's really great. I hope the efficacy of this medicine will not disappoint me."

Youngzheng Wei hurriedly patted his chest and said, "Don't worry, Fredmen, this medicine can definitely cure your stubborn illness. Before the formula was improved, I walked around the world and relied on this magic medicine. The ten women of the Japanese imperial family are not a problem."

Chapter 464

Fredmen was a little moved by the scene he described, and said: "Is it so magical?"

Youngzheng Wei said earnestly: "Fredmen, the magical medicine of our Wei family is three and four times as effective as v!agra. The improved formula is even more effective, even up to ten times!"

Fredmen suddenly felt ecstatic in his heart. There was such a miraculous effect. It seemed that his root disease could be completely cured in all likelihood.

At this time, Barena Wei asked curiously: "Father, if this medicine is mass-produced, wouldn't we be able to be sell it overseas and suppress all the foreign competitors?"

Youngzheng Wei waved his hand and said, "Of course, once mass production can be achieved, men all over the world will use my Wei family's magic drug. There is no such thing as the so-called competitors. There will only be one male magic drug on the market. It is the magic medicine of my Wei family!"

Having said that, Youngzheng Wei said to Fredmen again: "I don't know if Fredmen has the intention to invest in Wei's pharmaceutical factory. If Fredmen is willing, he only needs to invest two or three billion, and can return 10 billion in income within a year! "

Fredmen was also very excited. The merchants valued profits, and he couldn't avoid them.

If the Wei family's magical medicine is really that powerful, it will definitely make money.

Therefore, Fredmen smiled and said: "If the effect of the medicine is real, it is only a billion investment, he can take it out at hand, but he has to see the effect of the medicine first."

Youngzheng Wei was waiting for his words. He immediately laughed and hurriedly said: "Fredmen, the first medicine will let you experience the effect first. If you feel good, let's talk about investment!"

However, Youngzheng Wei didn't know that Fredmen's illness could not be cured by ordinary drugs at all.

Moreover, although the so-called "magic medicine" of the Wei family has been improved, it is still unknown whether it is really effective or not without toxic side effects...

But at this time, Fredmen was thinking about reviving his vigor, and he could not even think about the consequences if the medicine failed.

At this time, he couldn't help but feel a little dry, and he couldn't wait to take Wei's magical medicine immediately.

At this time, Professor Ke has completed the preparation of the magic medicine.

Under the action of the centrifuge, all the medicinal ingredients were separated and finally purified into a bowl of deep purple soup.

"Mr. Youngzheng Wei, the new medicine has been deployed!"

Professor Ke took the medicinal soup and placed it in front of everyone.

A faint medicinal fragrance immediately appeared in the air, which made people feel feverish and dry mouth and tongue.

It seems that this medicine is really strong!

Youngzheng Wei looked at Fredmen and said with a smile: “Fredmen, please take this medicine.”

Fredmen was already impatient, he looked at the soup with fiery eyes, and swallowed.

These days, it is too hard to endure the pain of living eunuchs.

Not only the physical pain, but also the psychological shock also made Fredmen tortured.

Fortunately, God pityed himself and let himself catch up with Wei’s magical medicine!

It seems that today he can finally regain the power!

Chapter 465

Fredmen held the bowl of deep purple medicinal soup, and couldn’t wait to bring it to his mouth, drank it!

Everyone was watching him, even Wendy was watching him.

In fact, Wendy hopes to follow Fredmen more. After all, Fredmen’s Future Company Group is larger, and Fredmen is more willing to spend money on her.

At least, she also got 5 million pocket money from Fredmen.

Following Barena Wei, he didn’t get any benefits.

If Fredmen regained his masculinity, then maybe he would really take her back from Barena Wei.

The Wei family are also paying attention to Fredmen at this time.

It can be said that Fredmen is the first real test product of this new drug.

Everyone wanted to see him work, so the Wei family sent it out!

After Fredmen drank the medicinal soup, he felt a strong heat flow between his kidneys.

Moreover, it is getting hotter and hotter!

This heat flow keeps accumulating in the lower abdomen, and then converges towards the roots...

Fredmen felt that he seemed to have an urge to raise his head, which made him ecstatic!

He couldn't help but said excitedly: "The magical medicine, this is the magical medicine! I feel feverish and hot now, and there are great signs of recovery."

Hearing this, Barena Wei on the side hurriedly said: "Congratulations to Fredmen for reinvigorating his glory, and his heroism!"

Youngzheng Wei was also very excited. He stood up and smiled up to the sky: "God bless my Wei family from weathering the dragon! From today, my Wei family will become the world's top pharmaceutical company and stand on top of the world!"

After speaking, he immediately said to Professor Ke: "Professor, you have worked hard! After this medicine is on the market, I will give you a villa and give you another 50 million cash reward!"

Professor Ke was very excited and hurriedly bowed, "Thank you Mr. Youngzheng Wei!"

Seeing that Fredmen seemed to be really well, Wendy on the side whispered charmingly, "Fredmen, I am here to congratulate you..."

After speaking, she didn't forget to give him a seductive look.

Fredmen was so unbearable by her voice that he thought that he was about to recover, so he directly said to Barena Wei: "Brother Barena, I know that Wendy has been with you for these two days, but I am recovering from a serious illness and need help from Wendy. I'll try the medicine, so I will take Wendy away tonight?"

When Barena Wei heard this, he felt a little unhappy.

After all, he also has a certain affection for Wendy, and men have a monopoly on the things they like.

But when he thought that Wendy was given to him by Fredmen after all, now he needs a woman to accompany him to try the effects of the medicine. There is nothing wrong with returning Wendy to him for the time being, so he can only agree: "Since Fredmen has spoken. Now, my brother, naturally I won't have anything to say."

Fredmen nodded in satisfaction and immediately said to Wendy: "Wendy, you come back to Willson's house with me!"

Wendy hurriedly said: "Okay Fredmen, or let's go back now? Don't you wait for..."

Fredmen remembered something, and hurriedly turned around and asked Youngzheng Wei: "By the way, I only feel feverish now, how long will it take to fully recover?"
