

“Jiang...”

Kent almost shouted his name out shrilly. Then he hurriedly covered his mouth as he trembled and said, “What...what brings you here?”

Kent’s heart instantly palpitated at top speed and almost came out from his mouth.

Damn, he almost kissed Jiang Ning!

“Long time no see, Kent. It looks like you grow more frivolous by the day,” said Jiang Ning calmly.

“Without Mr Jiang, I would never have made it!”

Kent put his belt back on and looked nervously at Jiang Ning. “Mr Jiang, why are you in Las Vegas? You gave me a shock.”

He stepped forward and wanted to reach out and hug Jiang Ning, but when he saw the expressionless look on Jiang Ning’s face, he awkwardly stopped.

“Quit yapping. I need you to do something,” said Jiang Ning without wasting any time. “Help me find someone!”

“Who?”

“My brother’s woman was taken away from the Waterfall Hotel in the Eighth District. That’s your territory.”

Kent's face turned pale instantly.

"Mr Jiang, it wasn't me!" explained Kent swiftly. "I swear I never touched any Asian women before!"

He would never have the audacity to touch women who were dating Jiang Ning's men. After all, several years ago, he saw Jiang Ning slaughtering over 100 fighters with his own eyes...

If he didn't meet Jiang Ning back then, he would never have the chance to rise in the illegal circles to become the boss of the Eighth District.

So Kent made it a motto not to offend any Asians since one could never tell how powerful they were!

"I know it wasn't you, but since it's your territory, you can help me find her as soon as you can!"

"Yes, Mr Jiang!"

Kent didn't even dare to ask why he was put in charge.

Jiang Ning was thinking highly of him by letting him take charge.

"Mr Jiang, don't worry. I might not be good at much, but I can locate anything in the Eighth District, even a needle!"

Kent was keenly aware of Jiang Ning's ability and even clearer about how loyal Jiang Ning was to his brothers. He even witnessed the outcome of

opposing Jiang Ning...

Who was foolish enough to offend Jiang Ning?

Did they want to kill him by making trouble in the Eighth District?

Kent asked for Yu'er's photo and some other information before immediately ordering his men to search for her.

The Eighth District seemed to spring into life in the middle of the night suddenly. Those who were partying and gambling in the clubs seemed suddenly doused awake with a bucket of cold water as they rushed out.

People ran around in the Eight District from time to time. No one knew what had happened or who that Asian girl called Yu'er was and why their big boss, Kent, was worried.

They reckoned she must be a big shot!

Meanwhile.

In an old warehouse not far from the Eighth District.

Yu'er was thrown into a corner with her hands and legs tied. Her face was covered with dirt, and her clothing was in disarray while she went into a panic.

Tears came trickling down her eyes uncontrollably

as she trembled hard!

UNGGGHH! UNGGGHH!

Yu'er shook her head hard and begged the men before her with her eyes to let her go.

But there were only cold wicked smiles on their faces. Yu'er felt a sense of despair and hopelessness rising in her heart when she saw them.

“Brother Guo, this girl looks quite pretty. Why don't we have some fun first?”

Yu'er was pretty. Otherwise, she wouldn't have gotten conned by a prostitution ring from abroad.

She knew what these men were thinking when she detected the glint in their eyes.

Yu'er shook her head and struggled to wrest herself free, but she knew a woman like her was incapable of running away from them.

"Wait a little while more," said Chen Guo as he looked at Yu'er and felt equally tempted.

The woman looked very charming. Just her eyes alone were extremely seductive.

They found out that the woman was in contact with one of the men who ambushed them at Lin Group's headquarters, so they immediately abducted Yu'er.

Some of these men were the ones whom Brother Gou and the others beat up the other day, so they couldn't wait to do Yu'er on the spot.

"I will ask Young Master Li," replied Chen Guo without daring to make a decision.

Li Genhong was beaten until he fell and rolled on the ground in front of all the Chinese businessmen. It had a huge impact on the Li family's dignity.

He was keenly aware that they couldn't allow Lin Group to gain a foothold here. Or else, what would

the other Chinese businessmen think?

If they could gain entry overseas without paying the Chinese Chamber of Commerce for their support, then everyone else would follow suit!

Jiang Ning was trying to destroy the Chinese Chamber of Commerce's prestige!

How could Li Genhong let this happen?

"Don't do anything to her yet. Let me ask Young Master Li. Even if we can fuck her, I get to go first!" sneered Chen Guo as he glanced at the others. "Stay and stand guard!"

Then he took his phone and walked towards the door.

The men smiled as they walked up in front of Yu'er. The wicked smiles on their faces made her tremble hard.

UNGGGHH! UNGGGHH!

She could only make noises like this as her mouth was gagged. This made them feel even more stimulated.

"Be good. Don't get anxious. You won't be afraid in a while!"

"Damn, did you know your man broke my leg? I'm going to take it out on you today!"

“You have such good complexion. I’m sure you will fetch a good price if we sell you.”

The awful things they said terrified Yu'er.

Was she getting sold into prostitution again?

She could only choose to die!

Meanwhile.

A car drove swiftly on the road.

Number Five sat in the car with his eyes red with Brother Gou and the others. No one had ever seen Number Five like this.

Number Five truly loved Yu'er.

“Don’t worry. Things will be fine,” consoled Brother Gou as he patted his shoulder. “I swear whoever dares to touch your woman will die a horrible death!”

There were murderous looks on the faces of Number Three, Number Four and Number Six too.

They wouldn’t even bat an eye in the face of death, but if anyone threatened their loved ones, they would never let those scoundrels off!

“Hello?” said Jiang Ning as he answered his phone in the front seat. “Have you found something? Send me the exact location!”

Jiang Ning didn't bother to chat with Kent.

Very quickly, Jiang Ning received the location of the warehouse. He turned the steering wheel so swiftly that black fumes rose from the wheels!

Jiang Ning looked like he was going to kill someone. Although he sat in silence, the light in his eyes was terrifying.

Outside the old warehouse.

Chen Guo was talking to Li Genhong on the phone, "Young Master Li, we caught her. It's the girlfriend of one of Jiang Ning's men. Shall we take care of her?"

He knew that Li Genhong typically closed a blind eye regarding such matters. Especially since Lin Group offended the Li family, Li Genhong naturally wanted to give Jiang Ning and the rest a warning.

"Don't worry. We won't kill her. We will let Lin Group know what happens when they lose our support!" shouted Chen Guo. "None of their female employees will ever dare to work abroad!"
