

# The Charismatic Charlie Wade Chapter 1636 – 1640

## Chapter 1636

Charlie nodded: “Twenty to thirty thousand.”

“Oh! My son-in-law is so generous! Buy me such an expensive scarf! Twenty to thirty-thousand, you can buy a mink to wear!”

Afterwards, Elaine opened another gift box and exclaimed: “Oh! This is the classic Hermès belt for women! My son-in-law, Mom has loved this belt for several years, and has been reluctant to buy it. I didn’t expect you to realize my dream for me. ....”

Jacob on the side looked a little bit sour, and couldn’t help but ask: “Good son-in-law, didn’t you bring any gifts for dad?”

Charlie smiled and said, “For you, I have prepared several things.”

Having said that, Charlie handed him two Hermes gift boxes.

Jacob slapped his thigh happily, and said excitedly: “Oh, there really is me, really my good son-in-law!”

As soon as the voice fell, he rushed over and took the gift box from Charlie.

Open the first one. It is a men’s belt with the head of the belt and the golden letter h, shining in the sun.

Jacob clapped his hands happily: “Oh, this Hermès belt was popular all over the country back then!”

Charlie nodded and said with a smile: “This belt is now a standard for successful men.”

Jacob sighed and sighed: “Oh, I am also a successful person. We live in a Tomson first-class mansion, drive a BMW five-series sedan, wear Hermès trouser belt, and then we will string a large gold chain and get a gold watch. Live with the upper-class people with small gold watches and three small barbecues a day!”

Claire said helplessly: “Dad, which middle-aged and old people do you see who is still wearing a big gold chain to swagger through the market? Those are standard equipment for young people and social people.”

Jacob chuckled, “I just said that.”

After speaking, he winked at Charlie and said: “Good son-in-law, when can you give me a gold watch? I recently picked a Rolex Gold, and that watch looks impressive!”

Charlie suddenly thought: “Hey, before, Meiqing seemed to have given his father-in-law a Rolex Gold! It is worth three to four hundred thousand, but the Old Master was afraid that Elaine would be jealous after seeing it, so he never dared to wear it. ....”

“He is now mentioning Rolex Kindy again. It is estimated that 80% of him wants me to agree to his so-called request.”

“In this way, he can just look back and wear the Rolex that Meiqing gave him. Even if Elaine sees it, he can tell Elaine that I bought him this watch.”

Thinking of this, Charlie couldn't help feeling in his heart: “This Old fox is not easy. In order to be able to put on the gifts from the first lover in a fair manner, he has to prepare so much in advance, so just help him!”

Therefore, Charlie said to Jacob straightforwardly: “Dad, don't worry, Rolex Gold, right? It's on me!”

As soon as Jacob heard this, he was immediately happy with nothing to add, and ran forward to hold Charlie's hand, and said with emotion: “Good son-in-law, you are the one who knows me!”

After finishing speaking, he kept winking at Charlie, his expression full of gratitude.

Elaine on the side was unhappy, and said angrily: “Jacob, you old thing is really shameless, even you wear a Rolex for your unpromising appearance? Don’t pit my son-in-law’s money here!”

After speaking, Elaine hurriedly smiled to Charlie and said: “Good son-in-law, you don’t think mom has a decent watch until now. How about you turn around and give mom a piece?”

## Chapter 1637

When Jacob received a Rolex from Meiqing and showed off with Charlie in the car, Claire was sitting in the back row.

So she knew very well that Dad now asked Charlie to ask for a Rolex. In fact, it was a formality. The main reason was to find an opportunity to put the Rolex that Meiqing gave him on his hand.

At this moment, although Claire felt a little uncomfortable, he could only turn one eye and close one eye when she thought of the past of her father and her mother, and the many wrongs he suffered over the years.

But Claire didn’t expect that her mother would come to join in the fun at this time, and wanted Charlie to buy her a Rolex too.

She hurriedly said to Elaine: “Mom, all Rolexes are worn by men. They don’t look good on you. If you really like watches, I’ll give you a female Tissot.”

Elaine said disgustingly: “Don’t even think about fooling me, the watch of that brand is very cheap, I bought it for a few thousand, and the low-end ones can’t even cost three thousand. How can they be compared with Rolex! I don’t want it!”

Charlie said smoothly: “Mom, I bought a lot of things from Eastcliff this time. If I buy a gold watch for you and dad alone. It is estimated that our family’s living standards will have to drop drastically. I happened to know a buddy who sells imitation watches. The imitation watches he sells are made the same as the real ones, there are no real fake ones, and they are cheap. How about I give you and dad a whole fake watch first to make do?”

Now Elaine, in front of Charlie, is no longer the vixen who blindly criticized the opposition back then. Charlie treats her a little better, and she is quite sensible.

Thinking that Charlie had already bought so many Hermes for her, it would be hard for him to spend money to buy a gold watch for her, so he hurriedly said: "Oh, good son-in-law, mom just said it by the way, mom knows it's not easy for you to make money, so let's buy a fake for your dad first, and let him make do with it, then mom will not need it."

After that, he hurriedly added: "Hey, my son-in-law, if you take on the feng shui big job in the future and make a lot of money, don't forget Mom!"

Charlie smiled and nodded: "No problem, I won't forget you if I make money in the future."

As he said, he winked at Jacob again and said, "Dad, how about letting my friend find you a replica Rolex? Anyway, most people can't see it, it's the same as the real one!"

How could Jacob know what Charlie meant, anyway, just to find a reason to wear the watch given by Meiqing outright, Elaine thought it was a fake, but it would be better!

So she nodded hurriedly and said with a smile: "Oh, it's okay to fake it, anyway, I just want to wear it, but the real is a waste!"

Charlie pushed the boat along the water: "Then it's settled. I'll call him soon and ask him to help find a high copy."

Jacob smiled and said, "Okay, Okay!"

Charlie then took out the tea that Stephen had given, and handed it to Jacob and said, "Dad, this is some good tea I asked someone to find for you. Don't buy tea from WeChat indiscriminately in the future."

Jacob smiled and said, "My tea is not bad! It tastes fine after drinking!"

Charlie said: "Then you taste this and see how big the gap is."

Jacob nodded: "Okay, I'll try it later!"

At this time, Charlie took out the remaining Hermès gift boxes and said to Claire: “My wife. These are all for you. Go back to your room and take them down slowly.”

Claire was surprised and said, “Ah? Why are there still my gifts? You already gave me a bag...”

Charlie nodded and smiled: “The rest are some small accessories, such as scarves, wallets and belts.”

## Chapter 1638

Claire gratefully said, “Thank you husband, but in the future, you must not spend money on me like this...”

Charlie knew that she couldn’t accept such a high price in her heart, so he smiled and said, “Okay, OK, I know, I will buy you a gift with high cost performance in the future.”

.....

Back in the room, Elaine quickly put the Hermes that Charlie had given her to the living room.

While putting the gifts and packing boxes away, she took out her mobile phone and took many photos from different angles.

Afterwards, she selected nine photos that she was satisfied with, and immediately sent them to the circle of friends, with the caption: “My good son-in-law went to work in Eastcliff and came back to give me a bunch of Hermes! I am so happy!”

In the circle of friends, likes and comments burst out in an instant, watching a lot of women’s sour comments, Elaine danced happily!

I can’t help feeling proud: “It’s so cool! The Old Lady is now living in a big villa and carrying Hermes, she is a proper super lady! After the two porcelain teeth of the front teeth are finished and set, the I can carry a Hermès bag, wearing a Hermès scarf, and wearing a Hermès belt, I’m going out in awe!”

And Jacob sat down on the sofa and quickly took out the tea leaves given by Charlie, planning to make a pot, and taste the tea that he bought from WeChat. How was it different?

As soon as the tea leaves Stephen gave were opened, the refreshing tea aroma came out!

Jacob was cheered!

He has never seen such fragrant tea!

As soon as it was opened, it hadn't been brewed, and the taste lingered for three days, which made people feel refreshed.

Looking at the tea leaves, the pieces are perfect and impeccable. There are no problems of different sizes and colors, and there are no small pieces of foam and small bellflowers. At a glance, they are carefully selected piece by piece.

He grabbed a handful of tea leaves under the tip of his nose and lightly smelled it, then grabbed the tea he bought from the WeChat Maicha girl and smelled it, and suddenly he felt a huge gap.

The former is like a fine natural agarwood, the fragrance is rich and perfect, and it is completely natural, with no trace of processing.

But the latter is like fake agarwood made from low-quality firewood soaked in a chemical potion. The fragrance smells a little choking and pungent. Compared with the former, it is obviously not the same thing.

Jacob quickly put the tea leaves sent by Charlie in the teapot. The electric kettle with tea at the bottom was already hot. He quickly poured boiling water into the pot. Then, the fragrance of the tea was forced out by the hot water. The whole living room is full.

Jacob said in horror: "This... the taste of this tea is too good!"

Claire smelled the scent too far away, and exclaimed: "Ah, it smells really good! Dad, can you give me a cup too!"

Elaine, who has never liked tea, smelled the tea scent at this time, and said excitedly: "This tea smells very advanced, Jacob, give me a cup and let me taste it!"

Jacob hurriedly took out four small tea cups, poured four cups of tea, and then took a cup by himself and took a careful sip in his mouth. Then his eyes lit up and exclaimed: "Good tea! Good tea! Ah! I have never drunk such good tea in my life!"

## Chapter 1639

Sighing at Jacob, Charlie shook his head helplessly.

This Old Master, indeed, has never seen anything in the world.

Playing antiques can only afford fakes, and drinking tea is the same.

This is mainly because his status in the Willson family is too low. He was not valued by the Old Lady before. Later, he was squeezed by Elaine for many years. Life has been unsatisfactory and there is no improvement in money.

But fortunately, Jacob's personality is not bad. If he changed to another person, he would have been depressed because he couldn't think about it.

Here, while Charlie's family was happily tasting the finest tea, Horiyah was preparing lunch for the family in Villa A04 next door.

Because the child who she was previously pregnant with the black coal kiln supervisor, infected Noah's whole body, Horiyah was always excluded from this family.

But because Regnar supported her, the Willson family did not dare to do anything to her.

In the beginning, Horiyah also pleased the Mrs. Willson and Noah in various ways, hoping to exchange their forgiveness, and even specially made an abalone dinner for Noah, and bought expensive king crabs to supplement his body, although kind she did a bad thing, but it was really meant to please.

However, Horiyah saw that she always had a hot face with her cold buttocks, so now she has some broken jars.

Recently, after the Willson Group received Regnar's investment, the business restarted. With Regnar's help, it finally returned to formality, so the Willson family all returned to work in the Group's office.

Mrs. Willson is still the Old Lady in power, Noah is the general manager, Harold is the business director, and Wendy is the Management director.

This family of four goes to and from get off work together every day, so they are even more alienated from Horiyah.

Her current role at home has almost become the servant for the four of them, doing laundry and cooking at home every day.

At this moment, she had just prepared the meal, but before the Willson family came back, she took off her apron and sat on the sofa tiredly and played with her mobile phone.

Randomly swiping the circle of friends, and immediately reached the one of Elaine. When she saw Elaine showing off a bunch of Hermes in the circle of friends, Horiyah was very depressed.

"This Elaine is really a stinky burning bag! Isn't it just a few Hermes? Is there anything to show off?"

After a few curses, Horiyah felt uncomfortable again.

"Elaine kind of b\*tch, there is a son-in-law like Charlie to support her, what about me? What do I have?"

"Husband? Beats me, scolds me, and threatens to divorce me. If it weren't for Mr. Regnar, this old tortoise would have driven me out."

"Dead Old Lady? Not a good thing! This old thing is so bad, if Regnar hadn't warned her enough, I am afraid that she would beat me to death together!"

"Hey, my son is not up for it. He doesn't have the ability to sh!t, and he will brag all the time. Such kind of stuff will definitely have nothing to do in the future, and I can't count on him."

“Wendy...hey...it would be great if Wendy was still with Gerald. No matter what, she can continue to be Fredmen’s lover. As a result, she has a reputation now. Whether to marry or not to go out is a problem, and it is even more a commodity that cannot be expected...”

“Hey, what can I expect in my life? Who can buy me a Hermes bag?”

Thinking of this, Horiyah felt uncomfortable, and when she thought of the hardships and experiences she had experienced, tears burst into her eyes.

## Chapter 1640

At this time, the door was pushed open.

Noah walked in first with the Old Lady.

Harold and Wendy followed behind.

The Old Lady was wearing a noble mink coat, her face was red, and her face was indescribably happy.

Since regaining a new life in the Willson family group, the Mrs. Willson has been happy every day, her whole face is red, like she has eaten a rejuvenation pill.

As soon as she entered the house, Mrs. Willson opened her mouth and said, “Oh, although the Wu family is not good enough, at least the lean camel is bigger than the horse. With the project they gave, we can make at least 20 million in profit in the next year. , that is really good!”

Noah laughed and said, “Mom, it’s not that you are far-sighted! If you weren’t strategizing behind the back, our Willson Group wouldn’t have a chance to be born again!”

Mrs. Willson nodded in satisfaction. She has always been narcissistic and has a strong desire for power. She likes to be flattered most.

Horiyah on the sofa was very upset when she heard this, she couldn’t help cursing inwardly:

“The old dead woman is really shameless! What is your contribution to the rebirth of the Willson family? Isn’t it the help of Mr. Regnar? Besides, Mr. Regnar back then but first sent someone to the black coal kiln to rescue me! Only then did you get your family out of the detention center!”

Mrs. Willson entered the living room happily, and when she saw Horiyah sitting on the sofa playing with her mobile phone, she immediately shouted annoyed: “Horiyah, what are you doing on the sofa instead of cooking in the kitchen? This is your sitting Place?”

Horiyah stood up and said angrily, “Mom, what do you mean by this? I am also a member of this family. Am I not even qualified to sit on a sofa?”

Mrs. Willson said sharply: “You are right! You are not qualified to sit on the sofa! In this house, you are a servant! Still a servant who dissatisfied me! If it weren’t for Mr. Regnar to cover you behind, I would Just drive you out, you pugnacious girl!”

“You...” Horiyah said angrily: “The dead Old Lady, you’re endless, right? You take that little mess out all day long and nag, is it interesting? Don’t forget what Wu always does. That said, let us put aside all our prejudices. If you have an old attitude, I will go to Mr. Regnar to help me out!”

The Mrs. Willson was speechless.

She insulted and bullied Horiyah because she determined that Horiyah did not dare to make trouble.

But she didn’t expect that the rabbit would bite in a hurry.

Horiyah dared to talk to herself like this.

However, she did not dare to choke with Horiyah right away, after all, Regnar had indeed ordered that if she annoyed Regnar, it might affect the rise of the Willson family!

Thinking of this, she snorted and said, “Okay, since Mr. Regnar asked us to let go of our prejudices, then I don’t have the same knowledge as you, but I still advise you to figure out your own situation. In this family, you are a sinner. There must be a sense of atonement at all times!”

Although Horiyah was upset in her heart, she did not continue to argue with the Old Lady. Instead, she said blankly: "The food is ready, let's eat!"

However, although she didn't say anything on the surface, she hated the Old Lady deeply in her heart.

She completely understood that Mrs. Willson's attitude would only get worse in the future, not better.

If the Willson Group continues to move up, Mrs. Willson's posture will definitely be higher.

She couldn't help but sighed inwardly: "This dead old woman, if only she could fall a bit hard!"
