

The Best Son in Law Chapter 138 – 140

Chapter 138

Haoden Ye's face stiffened at the news and subconsciously looked over at Li Mingsheng.

Li Mingsheng of course will not dismiss Maya Shen, quickly he smiled: "Maya, don't be sad, there are no winning generals in business, this failure is just a lesson, the vice president's seat is still yours!"

"I object!" When General Manager Xu heard this his face turned white with anger, he said in an angry voice: "General Manager Li, you broke the rules to promote her as vice president even if it's not enough, rice such a big mistake, but did not even punish her, how can this convince the people inside the company!"

Li Mingsheng has always been good-tempered, especially to his own old employees never angry, Mr. Xu's words and reasonable, his face immediately embarrassed.

However, today, not to mention that Haoden Ye was right in front of him, even if Haoden Ye wasn't there, he didn't dare to dismiss Maya Shen.

"Old Xu, you've gone too far, I naturally have my reasons for keeping Maya, and you've seen her efforts!" Li Mingsheng raged at Xu.

At his words, the entire company stayed put.

General Manager Xu was an old employee of the company, Li Mingsheng never spoke heavily to him, and what General Manager Xu said was also very reasonable, it is reasonable to say that even if a young employee like Maya Shen was trusted, General Manager Li would have to give her a demotion!

But instead of disciplining Li in the slightest, the company defended her and reprimanded Mr. Xu.

“Mr. Lee, what the hell is wrong with you! What the hell is this woman capable of!” Not only was Xu trained by Li Mingsheng to lose face, he also felt aggrieved in his heart and pointed at Maya Shen with a heavy gasp.

Naturally, Maya Shen’s heart was very touched by Li’s maintenance, but she also looked at Li curiously.

The situation is like this, but Li still defends himself, why in the end?

Also, the eyes of many colleagues in the company were now ambiguous....

Li Mingsheng was having a hard time saying ah, he subconsciously looked at Haoden Ye for help.

Haoden Ye also knew at this point that Li might not be able to carry this on his own, so he had to reveal something to them.

He walked out of the crowd and was just about to open his mouth when suddenly his phone rang, Haoden Ye quickly pulled out his phone and took a look, but it was Zheng Tai’s number.

Zheng Tai is the younger brother of Zheng Guo, the second head of the Zheng family.

“Oh Keh, are you busy now?” Jung Tae’s voice was cheerful, as if the two were close.

“Hey, Mr. Zheng, I’m a little busy right now, do you have something?” Haoden Ye took a look at the pair of eyes staring at Li Mingsheng and quickly said.

“Haha, it’s nothing important, our company recently came out with a new product and we’re looking for someone to help market it, I heard that your wife’s company is working with the Holander’s Group is that right? Trying to get her to do a favor!” Jung Tae sounded so chatty, as if what was being said wasn’t very important.

Haoden Ye listened but heart astonishment, it is reasonable to say that Zheng Tai but Zheng Guo’s brother, Zheng old man’s son, their company’s products need to find their own sales?

Although he didn’t know the reason, Haoden Ye was still very happy in his heart.

The Zheng Tai’s company is also a famous enterprise in Dan City, and the Zheng Master’s status in Dan City is extraordinary, so the Zheng family’s influence is not comparable to the Sun family, which relies on the support of people in the developed family.

With joy in his heart, Haoden Ye’s voice lifted a few points and he chuckled, “This is of course no problem, I just don’t know if their company’s business capabilities can meet the requirements of a big company like Cathay!”

Zheng Tai heard him promise, he smiled and said: “No problem, the size of the business ability does not matter, anyway, it is also the first time to cooperate, do not have too much pressure, our old man said, in this matter Cathay will give their company very large space to play!”

Haoden Ye suddenly realized that it was Master Zheng who wanted to pull Sheng Wen’s strings.

Could it be that Master Zheng already knows that Shengwen International is actually his own company? It’s not strange to think about it, he’s the kind of big man for Dan City to grasp the big and small things is certainly not an ordinary person like himself to be able to compare, and the Zheng old man is probably not shallow relationship with the Holander’s group.

“Okay, I’ll tell her to get ready right away!” Haoden Ye said, saying thank you before hanging up.

When he made the call, the attention of many people around him had been drawn in, until Haoden Ye said the words Guotai Corporation, everyone there was slightly pale.

Guotai, which is second only to Hongs in Dan City, is not only asset rich, but also state-controlled.

Such companies are of the millennial type and receive official support.

When Haoden Ye hung up the phone, everyone’s eyes fell on him.

Sensing the gazes of the crowd, Haoden Ye smiled faintly and said in a clouded voice, “Sorry, Mr. Zheng Tai, the president of the Cathay Group, just called me, wanting to cooperate with your company, sorry to bother you all, where were we just now?”

The crowd snapped back to their senses, and they all looked wonderful.

In particular, Xu’s face didn’t look like he was crying or smiling.

Haoden Ye actually knew Zheng Tai, he’d never dreamed of it!

Last time, because he knew Lawyer Jin, he took a good beating himself, but I never imagined that this kid was not only related to the Holander family, but also to the Zheng family.

One must know that although the Holander family was wealthy, it was only a businessman, and the Zheng family was the truly powerful and influential family in Dan City.

Just now he was that Sun family thing to deal with Maya Shen, but unexpectedly in the blink of an eye Haoden Ye pulled in a Cathay Group project.

Who cares about the Sun family with a company like Cathay working with them?

General Manager Xu was a very clever person to have made it this far, what hardships hadn't he endured when he followed Li Mingsheng into the rivers and lakes? Just hearing the word Cathay, all of his hatred for Maya Shen evaporated.

At this time, he only had worry and frustration in his heart, because he finally understood that Li Mingsheng was so supportive of Maya Shen, where was he looking at Maya Shen's face, it was completely looking at Haoden Ye's face ah.

Who said this kid was a loser? It's a rumor!

"We've just talked about how to deal with Shen, and I personally feel that Shen's mistake in this matter is unforgivable!" General Manager Xu is also considered a smart man, and knows that if he immediately changes his words, he is not only humiliated, but also unpleasant, and at this time he has to rely on his own eloquence to turn the situation around: "However, seeing that General Manager Shen is also thinking of the company, this matter can be lightly punished, we should let Shen temporarily hand over the position of Vice President, and if he can do the next project perfectly, then reply to the position!"

Although he spoke righteously, the eyes of everyone in the company brushed together and became scowling.

Li Mingsheng saw the situation change steeply, and naturally reacted quickly.

He took a careful look, but saw no discontent on Haoden Ye's face before nodding and saying to Maya Shen, "Maya, do you think it's okay to handle it this way?"

Chapter 139

Maya Shen was still distracted at this time, and Haoden Ye's words just now had shocked her too much.

Haoden Ye actually knew someone from the Cathay Group!

The Haoden Ye in Maya Shen's memory was a person who couldn't even speak properly, how could he know a big man like Zheng Tai?

Knowing Lawyer Jin was already the limit that Haoden Ye could reach, and it was unexpected that he still had the Zheng family connection.

You should know that the Zheng family is involved in the business and politics of Dan City, and has no thought of being a big family in Dan City.

The unassuming, cowardly husband who slept by his side every day had such deep ties to the Zheng family!

For a moment, Maya Shen had the feeling of dreaming!

"Sia?" Li Mingsheng saw that Maya Shen was dazed and raised his voice to ask a question.

Maya Shen just came back to her senses and quickly nodded, "Whatever Mr. Li arranges, do it!"

Li Mingsheng smiled and nodded his head: "That's good, you go ahead with the Cathay Group's project, although your vice president position is temporarily removed, but you are free to move the company's resources!"

Move at will? I'm afraid that this time Maya Shen can mobilize more resources than Li Mingsheng, the CEO!

Partnering with the Cathay Group is a step up for Shengwen International, and who wouldn't work hard to help Maya Shen?

Those girls in the company looked at Maya Shen, and one by one, they all showed envious eyes, just a few minutes ago, they were secretly mocking Maya Shen for having a bad life, having a useless husband like Haoden Ye!

Now every girl has a phrase in her heart, how nice it would be if Haoden Ye were my husband!

With the matter satisfactorily resolved, Li Mingsheng ordered everyone in the company to go to work, leaving only Maya Shen and Haoden Ye, who were still dazed, at the door.

"Sia?What's wrong with you?"Haoden Ye saw Maya Shen's demented expression and asked with concern.

Maya Shen came back to her senses, a pair of big beautiful eyes staring at Haoden Ye without a second thought, "Haoden Ye!What the hell is wrong with you?How do you know Zheng Tai and Zheng?You have to tell me everything about this!"

When Haoden Ye saw that her eyes were serious, he didn't know where to start, so he honestly told her about the Zheng Kingdom.

"You mean, you treated Mayor Zheng and attended the Zheng family's banquet?"

Maya Shen couldn't believe her ears when she heard Haoden Ye's words, "How come you never told me about these things?"

Haoden Ye scratched his head and looked embarrassed, "You didn't ask me either!"But in my mind, I said, "Would you believe me if I told you?"

“Do I even have to ask these? Are you that unconcerned about my affairs? Don't you know how much having these connections helps me in my job?” Maya Shen stared at Haoden Ye.

Haoden Ye laughed bitterly in his heart, it wasn't that he hadn't thought of helping Maya Shen, but if he said it then, would Maya Shen believe it? Besides, he doesn't know anything about work.

“I'm sorry, I'll be sure to let you know if I have any business connections later!” It's always right to apologize in front of your wife.

Maya Shen still felt angry in her heart, but when she saw Haoden Ye's look of admitting his mistake, she also laughed, and when you think about it, if it wasn't for him, she would have been very embarrassed today.

“Don't apologize to me, it's your freedom whether you care about my job or not!” With a huff, Maya Shen turned to the company.

Haoden Ye looked at her back and shook his head helplessly, but he didn't know that Maya Shen had a smile on her face at this point.

She felt, for the first time in her life, that her husband made her feel proud.

Of course, it wasn't because Haoden Ye knew the Zheng family that she felt proud, but because Haoden Ye was finally able to stand on his own.

The Zheng family could all be not ordinary people, to be able to have a good relationship with this kind of person, Haoden Ye's own ability must also be outstanding.

“He'll be better off later, I guess.” Suddenly, Maya Shen thought that the two of them would be separated in the future, and her mood suddenly fell lonely: “Haoden Ye, without me, you must be good too!”

Maya Shen walked away, Haoden Ye turned around and also prepared to leave, and suddenly a silhouette appeared in front of him.

“Haoden Ye, count you cruel!” A limousine from which Sun got out, his face bruised and walking with a limp.

Haoden Ye was shocked to see him and frowned, “Sun Yuxuan? What’s the matter with you?”

“Huh? You’re still pretending!” Sun Yuxuan pointed at Haoden Ye’s nose and said angrily, “If you hadn’t caused me to end my contract with Sheng Wen International, how would I have lost such a big project, and how would I have been beaten up by my father, Haoden Ye our business is not over!”

Sun Yuxuan’s eyes looked at Haoden Ye with malevolent eyes, and angrily Heng Heng gave a cry before returning to the car.

“What does it have to do with me if you’ve offended Shengwen International yourself!” Haoden Ye watched Sun Yuxuan’s car leave with a bemused face.

Meanwhile, on the top floor of the Cathay Group building, inside Zheng Tai’s office.

“I’m not going, what is he, Haoden Ye, worthy of our Zheng family’s support too?” Zheng Lin said with a look of shame and indignation on his face, “Our Cathay Group is such a big enterprise, but it’s not humiliating enough to cooperate with a small company like Shengwen International? How dare you ask me, the vice president of the Cathay Group, to personally take up with Shengwen International!”

Zheng Tai sat on his back in his office chair, hearing his son’s words revealed a bitter smile and sighed, “What can I do about it, the old man personally explained it down, Dad has no choice!”

“I don’t believe there’s no way!” Zheng Lin snorted coldly, his face gloomy, “You said that our Guotai Group’s sudden cooperation with a small company like Shengwen International would cause discontent among our small companies under us, the old man wouldn’t let his people disobey for a Haoden Ye, would he!”

Zheng Tai’s eyebrows flicked up, his eyes slanted to look askance at his son, and he snorted, “Stinker, I haven’t taught you that tactic yet, my tactics are all taught by the old man, what you can think of, the old man won’t think of? The old man said that this time, no matter what the cost, he must pull up Sheng Wen International and he wants us to get on good terms with Haoden Ye!”

Saying that, he frowned, “Your uncle is an official, it’s inconvenient to get too close to local entrepreneurs, this matter can only be left to your father, and the old man also knows you well enough to know that you must be unhappy, that’s why this time you were asked to personally approach the people of Shengwen International about cooperation!”

“What!” Zheng Lin jumped up upon hearing this and pointed at his nose, “Grandpa knows that this kid Haoden Ye and I don’t get along, but he still asked me to pull down my face to help him, isn’t that a slap on my face? Am I his real grandson, or is Haoden Ye his real grandson?”

Chapter 140

Zheng Tai’s brows furrowed as he saw his son’s angry appearance and spoke in a low tone, “Insolent! Are you the one to judge what’s right or wrong for grandpa, too?”

Don’t look at Zheng Lin’s arrogant personality, the Zheng family was very strict, and Zheng Lin, the second son, didn’t have the same arrogant and domineering temper as Sun Yuxuan.

Upon hearing my anger, Zheng Lin quickly lowered his head and put on a lectured look.

“Remember! There are elders who do things the way elders do them, and you may not understand, but the characters must be completed!” Zheng Tai’s face was stern.

Zheng Lin hurriedly nodded his head, not daring to release a single fart despite his grievances.

“Get out!” Zheng Tai gently waved his hand, and only then did Zheng Lin leave.

Seeing his son go out, the serious look on Zheng Tai’s face only receded, but his brows furrowed.

“What does the old man want, spending so much effort for a half-grown boy!” It was normal that Zheng Tai did not understand, after all, with the Zheng family’s strength in Dan City, there was no need to bother to lend a hand to others, instead, it was only right that others should lend a hand.

Especially Master Zheng, now that he basically doesn’t ask questions, his influence in Dan City hasn’t decreased at all, so why would he stoop to curry favor with a Haoden Ye?

When Zheng Tai was worried about Master Zheng’s thoughts, Xu was also worried.

His sorrow was because of a phone call from Long O. After the last disagreement with Haoden Ye, Xu had more contact with Long O. The two of them secretly planned a whole thing to fix Haoden Ye.

But learning about the relationship between Haoden Ye and the Zheng family, Xu regretted it.

General Xu was different from a second son like Long O. He held a grudge, was small-minded, and was a snob, but he was also a man who knew his place.

And in character, he's not as duplicitous as Long O's.

Most importantly, he is loyal to Shengwen International.

For Li Mingsheng, the company is his child, and for Mr. Xu, the company is also very important, after all, when he and Mr. Li founded the company together, he really suffered a lot.

He fixes Maya Shen because he thinks it's not a good thing for Maya Shen to achieve the position of vice president at such a young age, but of course there's also an element of jealousy in it, and once it's established that Maya Shen is a great benefit to the company, his attitude changes.

However, Long Ao's method to trap Haoden Ye was really dark and vicious, if the relationship between the two was still a few minutes ago, Xu would not hesitate to make a move on Haoden Ye, but now he regretted it.

Once Haoden Ye is arrested, will Cathay Group still support Shengwen International? If not, wouldn't you be a sinner for the company?

However, if he went out of his way to help Haoden Ye, Long O would never spare him when he found out.

Even though the Dragon Family is just a lackey of the Holander Family, it's very easy to get rid of him.

Thinking about it, Mr. Xu planned to tell Haoden Ye.

Dialing Haoden Ye's number, Mr. Xu was a little nervous.

"Mr. Yap is it?" In the end, Mr. Xu was an old man, and in this situation, his tone wasn't awkward at all.

Haoden Ye had just arrived at the store to ask about today's sale of herbs, and was very surprised to receive a call from General Manager Xu.

"Mr. Xu, what do you want from me?" Haoden Ye was confused.

"It's like this Mr. Ye, you still remember Long Ao, right... "Mr. Xu told us about Long Ao's plan, and Haoden Ye's face turned very ugly after hearing it.

Lin Xiang is cleaning the table and frowns when she sees him. Haoden Ye gives the impression of being a coward and a bully.

Hanging up the phone, Lin Xiang pretended to unintentionally walk up to Haoden Ye and said curiously, "The boss is in a bad mood!"

Haoden Ye frowned and looked worried, "Someone is trying to plot against me, and their methods are very sinister, I'm thinking what to do!"

Lin Xiang has a curious look, but Haoden Ye, who has that baby, would be so embarrassed to deal with him, so who is the person who dealt with him?

"What's the boss got to worry about? Tell me about it!" Lin Yao was curious.

Haoden Ye shrugged his shoulders and said helplessly, "I'm not worried, I just haven't figured out what to do yet!"

"Why don't you tell me, boss, maybe I have a solution." Lin Xiang was even more curious, what else could Haoden Ye have in his hands?

Haoden Ye frowned and carefully thought about it, high-speed Lin Shuo also has nothing, he lowered his head and sighed, "There are two patients in the central hospital, Long Ao arranged for them to be transferred from abroad, Long Ao arranged for them to seek medical treatment from me, these two girls are indeed suffering from terminal

illnesses, I can also cure them, but they will come to Huaxia, in fact, they came this time to help Long Ao pit me!”

Lin Xiang is familiar with this kind of trick, and as a wealthy young woman and an international movie star, she has never seen it before.

Haoden Ye looked embarrassed when he said this, after all, he couldn't say what the two girls had done to him.

When Lin Xiang heard Haoden Ye's words, she suddenly puffed out a laugh and rolled her eyes to herself: “What's the boss afraid of, I don't think we have a boss's wife here either, so why don't the boss tempt them with beauty and maybe the two girls will throw themselves at it!Haha!”

Haoden Ye rarely saw her joking, and although his heart was surprised, he laughed along with her.

Lin Xiang's smile is very beautiful. When she is quiet, she smiles like the Mona Lisa and hides her smile very deeply, but if you watch the animation carefully, you can tell whether she is smiling or not, and when she is happy, her smile is like the sunshine on a spring day.

Haoden Ye looked dumbfounded for a moment, Lin Yao noticed her gaze, her pretty face did up and said: “Boss and can try my suggestion!”

Hearing his words, Haoden Ye rolled his eyes, thinking, “How much do you worship me, and you even let me kidnap someone's foreign girl back!

But he quickly thought of the reason why Long O did it.

Yes, it was true that he could make Haoden Ye squat the number by doing so, but Long Ou's aim was not himself, but just being more powerful than he had shown himself to be, and it put him in a bad mood.

But he also understood that it wasn't so simple to fix Haoden Ye, first of all, Haoden Ye had the support of the Holander family.

Of course, he wouldn't believe it, those two girls were highly trained, and finishing confusing Haoden Ye was the best option.

What he hadn't expected, however, was that Haoden Ye had learned about it ahead of time, and had heard about it from Lin Xiang, and had told Lin Tie the news as well.

Lin Xiang couldn't help but smile bitterly at his words and said in a bad manner, "You have a holy object in your hand at least, do you have anyone else to help you deal with this kind of little thief?"

Haoden Ye shrugged his shoulders and bit his head, "Sacred relics can only be used for good, I can't be willing to never or bad, otherwise there will be condemnation from heaven, do you understand?"

Lin Xiang suddenly realized that he had heard about the plagues.
