

# Nothing to Give but My Heart Chapter 151-156

## Chapter 151

Curtis Ye was puzzled by her movements, and he got out of the car to catch up with her for about three seconds.

“Sisters?”

Curtis blocked her way and looked at her puzzledly: “What’s the matter?”

Ana Shen said with an ugly expression: “Brother, this is not too far from the company. I can walk over by myself. As for the hospital, I won’t go to the hospital. Thank you, brother.”

After speaking, Ana Shen didn’t say much, and walked around the cold and cold overnight.

Curtis did not catch up again, standing still watching Ana Shen’s figure walk away.

Ana Shen had been away for a long time, and there was no one in the company when she arrived at the company, so she reached the top of the building alone.

The information on the table is still piled up like yesterday, but some places have been vacated. When she first wanted to move the information, she found that her hands were covered with scald cream, which was very inconvenient.

She could only stand and sort the information with one hand for a while, until the heat on her hands disappeared, she got up and went to the bathroom to wash off the scald cream.

Fortunately, it was only the porridge being hot. It was not too hot. After more than an hour of scalding ointment, her hands were already much better.

When Ana Shen returned to work, she met Walter who was coming to work.

As it was yesterday, he was indifferent to her today and did not squint.

Soon Phillip pushed him into the office.

Ana returned to her seat and continued to organize the information. Maybe it was because the two days were too tired and did not have a good rest. Ana Shen quickly fell asleep on the table.

Not knowing how long she slept, Ana Shen heard someone pushing her shoulder and calling her name.

“Ana , why are you still asleep? Get up and go eat.” The person pushing her was Jessica. She waited in the cafeteria downstairs for a long time without seeing Ana, so she went upstairs to find her.

Who knew she actually slept here.

Ana was dizzy and heard someone calling her name. She opened her eyes and glanced at her with difficulty, “Jessica?”

“Why are you sleeping here? Let’s go down for dinner. If you go to the cafeteria later, the meal will be gone.” Jessica said, regardless of her consent, she just held her arm and pulled her Up.

“Yeah.” Ana was also going to eat, so she dragged it along with her.

As a result, after taking two steps, the sky was dim in front of her eyes, and her body fell uncontrollably.

Jessica’s exclamation suddenly sounded: “Ah, what did you do all of a sudden? Don’t fall on me, don’t fall on the ground... Forget it, you should fall on me.”

Jessica’s strength was quite strong, and she dragged her several times, and finally Ana fell on Jessica’s body. Jessica looked at her speechlessly for half a second before she lowered her head to find that Ana’s eyes were closed.

“Ana? Ana??”

“I’m rubbing, are you fainting? What’s wrong with you, you are fainting, am I going to carry you to the hospital?”

Jessica looked around and found that there was no one here, so she could only sigh helplessly.

She took Jessica’s hand and carried her on her back, and then strode forward laboriously.

When they got to the elevator, there was a sudden noise behind them.

It seemed that the door of the office had opened. Jessica looked back and saw Phillip pushing Walter out of it.

The eyes of people there met in the air, Walter seemed to see Ana on her back, and his handsome and straight eyebrows frowned.

Jessica remembered the previous rumors at the company and explained: “Ye, Younger Ye...I just came to see Ana to eat, but who knows she passed out suddenly after two steps, and she just wanted to send her to the hospital. It.”

Phillip’s eyes widened: “I fainted? How come she suddenly fainted?”

Jessica lightly coughed and explained: “I don’t know, but her face is very bad, and her hands are cold...”

When she said these words, she looked at Walter, as if she was telling him on purpose.

Sure enough, Walter’s brows frowned again, and after a while he said coldly: “Give her to me.”

Jessica: “Huh?”

“What we mean by Mr. Walter is that he personally took Assistant Shen to the hospital.”

Only then did Jessica understand, and helped Ana forward. Walter was probably impatient too. He rolled the wheelchair forward. Before Jessica could react, his big hand had already reached out and he directly grabbed Ana. He then pulled her into his arms.

When Jessica recovered, she had already seen Ana being held in Walter’s arms.

Jessica stared at the scene in amazement.

Although Walter was disabled and sitting in a wheelchair, his body reveals the coldness and indifference of the solitary world. Ana Shen’s delicate figure is held in his arms, and the coldness around him actually holds her. Go in for the hood.

Jessica blinked and thought of a word.

Soft energy overcomes rigidity.

“Ye, Mr. Walter, do you mean that Ana Shen will go to hospital with me?”

Walter ignored her, didn’t even give a look, and left with Ana in his arms.

Phillip was stunned for a few seconds and quickly followed up: “Thank you for today, let’s leave”

Jessica thought for a while, and chased up before the elevator closed: “Well, can I follow them? I can help if there is anything.”

Phillip looked at Walter for his advice. Walter’s face was still cold, but there was no objection. Phillip nodded: “Yes, you can come with us.”

So Jessica followed into the elevator, but she was very happy.

Ana really has a leg with Mr. Walter~

Look at Mr. Walter’s distressed look, tut

Who said she fell out of favor? Are you obviously nervous?

Hee hee, I don’t know if Ana Shen can become the wife of the president of the Yeshi Group in the future~ Jessica thought happily in her heart.

Not knowing how long she had been in a coma, Ana finally woke up slowly. What caught her eye was full of whiteness, and the smell of disinfectant filled her nose, which made her frown her eyebrows and couldn’t help her hands move. a bit.

“You’re awake!” A brisk female voice rang from the left, and Ana turned her head to see Jessica’s pretty cute face.

“Jessica?” She said, but her voice was hoarse.

“Oh, I’ll pour you a glass of water.” Jessica quickly got up and poured her a glass of water, and then fed Ana Shen to finish drinking. After drinking, Ana Shen asked out aloud: “Why am I here?”

Jessica blinked her eyes mischievously, “You fainted. The doctor said that your qi and blood tests are not normal and your body is very poor. You are getting water right now, and...Ana Shen, you are actually malnourished, you don’t you eat every day?”

Ana: “...”

Jessica suddenly came over: “What is the relationship between you and Mr. Walter?”

Hearing, Ana raised her eyebrows slightly: “What’s the matter?”

“Just ask. Didn’t the company say that you are Mr. Walter’s lover? But Mr. Walter was not with you for few days. So everyone is gloating, but today I’m slapped again~ Mr. Walter is in front of everyone. You fainted and left the company holding him...”

## **Chapter 152**

He left the company with her in my arms...

Ana’s pretty eyebrows twisted, Walter sent her to the company?

The atmosphere between her and him in the past few days can be said to be terrible. She sees his eyes full of disgust, will he send her to the hospital?

Ana Shen didn't speak, but she seemed to be bitten by something in her heart.

Heartbroken.

Ana Shen closed her eyes in despair, she seemed to be unable to control her heart.

"What's the matter?" Jessica didn't speak when she saw that her expression was not good, thinking she was uncomfortable or something.

Ana shook her head and said softly: "I'm fine, what about the others?"

"Let's go." Jessica cupped her cheek, and said softly, "After he sent you to the hospital, the doctor said you were fine, and left me here to look after you."

"Well, thank you today."

"Thank you, do you think I am here to help you? Isn't that good? I want to get closer to see Mr. Walter's demeanor and heroism!" Jessica said, and began to recall: "You know Mr. Walter How handsome did he look when you took me there? At that moment, I felt as if I saw the hero of the idol drama, Ana, you really stepped on the shit, so that you will be attracted by Mr. Walter. Otherwise, your body looks like this, hey~ how can I be half a point!"

Ana : "..."

She said Walter took her in his arms?

“But you can tell me honestly, what is your relationship with Mr. Walter? Why is he so worried about you? If it’s just a lover, there’s no reason to do this, right?”

Are you worried about him too?

“You may be mistaken, I have nothing special to do with Mr. Walter, just ordinary subordinates.”

“Cut, I don’t believe it! He looks at you clearly with possessive eyes, maybe he just likes you!”

In a word, a stormy sea was set off in Ana’s heart.

Hi, like her?

Impossible!

Ana felt her heart beating faster, and Jessica still muttered to herself there: “You will become the president’s wife in the future. Don’t forget that I saved you today. Remember to promote me to a job and a salary. ...”..

Jessica stayed in the hospital to take care of her until the evening, and Ana wanted to be discharged when she felt that she was fine.

Jessica held her down: “You can’t be discharged, your body is too weak.”

Ana Shen frowned her eyebrows slightly: “It should be okay now, and it’s not a major problem. How can someone stay in the hospital?”

“No way, Mr. Walter confessed to me. If you want me to look at you, you are not allowed to leave until he comes back.”

When Ana got up, to want to go to the ground, the door of the ward was pushed open.

Walter, with an indifferent expression, appeared in the ward.

“Mr. Walter!” When Jessica saw him, she jumped up as if she saw a savior, and pointed at Ana: “Ana wants to be discharged, but I didn’t agree. I stopped her desperately!”

Ana: “...”

Walter’s cold eyes looked at her, sharp and deep.

“Want to be discharged?”

Ana Shen had a meal.

Walter’s thin lips lightly opened again: “Dreaming.”

Ana Shen: “But I don’t think I am in any serious trouble. Isn’t it OK to leave the hospital and go home to rest?”

Walter didn’t say anything, Phillip who followed him smiled and beckoned to Jessica: “Thanks for your hard work today, go back and rest early.”

Jessica let out a cry, but looked at Walter reluctantly, ooh... he’s so handsome, she still wants to stay in and watch for a while~

Probably because her eyes were too fanatical, Walter’s deep eyes glanced in her direction, with a warning smell, Jessica felt the pressure and immediately said: “I know, I will leave immediately.”

“Ana, wait until I see you tomorrow!”

After speaking, Jessica disappeared without a trace.

Ana Shen wanted to laugh a little. She obviously wanted to stay just now, but now she disappeared without a trace. I have to say that Jessica's character... She really likes her, and she is quite straightforward. , Although the words are straightforward and sometimes even heartbreaking, it shows that she doesn't pretend and what she says.

This friend is pretty good.

Phillip coughed lightly: "I'll see her off."

Then he turned and left the ward.

So only Walter and Ana were left in the ward.

The silence of the atmosphere was a bit embarrassing. Ana was looking at him, but Walter obviously didn't want to look at her more. Instead, he pushed the wheelchair to the table next to him, where there was a briefcase. It was left by Phillip.

Slender fingers took out the notebook and materials, and then Walter began to work in the quiet ward.

Ana Shen was lying on the bed: "..."

Is he here to work?

How long does he work? Ana Shen stared at him in a daze while thinking.

Looking at him, Ana Shen reminded Curtis Ye's appearance again.

Her hand touched her lower abdomen unconsciously...

Karla is such a good friend of hers, she will not lie to her.

If the child is really Curtis Ye, what will she do in the future?

“If you feel unwell, close your eyes and rest.”

Unpretentiously, Walter’s voice rang, and Ana Shen returned to her mind to find that Walter was staring at her harshly.

Ana Shen met his eyes, and after a moment he said, “You go back.”

Hearing, Walter’s eyes suddenly narrowed dangerously.

“Here, it’s not suitable for you to work.” Ana Shen explained.

She actually doesn’t want to see Walter for the time being, her mind is very confused now.

However, Walter sneered: “I’m used to seeing other men’s faces, now I don’t even want to see you?”

Ana Shen’s complexion changed drastically.

He started again!

“Ana, believe it or not that I can punish that person now?”

“You misunderstood!” Ana explained to him by biting her lower lip, “I just don’t think it is suitable for you to work here.”

“Really?” Walter put down the things in his hands, then rolled the wheelchair and leaned towards her. Upon seeing this, Ana Shen shrank subconsciously.

Is he about to declare sovereignty to her again?

Walter quickly arrived in front of Ana, slender fingers directly pinched her chin, lowered her head and grabbed her lips fiercely.

Ana Shen's eyes widened.

This kiss came without warning, and when Ana Shen returned to his teeth, Walter pried it open, and the tip of his soft tongue stuck her in.

Ana Shen's lips were a little dry, but Walter's lips were very moist and cold. He pressed her head and kissed hard, the overbearing masculine aura enveloped Ana's petite figure.

Ana Shen was forced to raise her head and be kissed by him. Her slender and white neck became more slender, while her eyes were closed and her eyelashes quivered slightly. This affectionate look was obviously heart-warming.

Walter withdrew his lips and tongue quickly, but he didn't rush away, his thin lips pressed against her lips, and he asked in a hoarse voice.

"Do you like me kissing you like this?"

Ana Shen nodded confusedly.

Walter's ink-colored eyes showed a pleasant color, his thin lips slightly aroused, and his big hand stroked her everywhere.

"What about me? Do you like me?"

## **Chapter 153**

Ana Shen continued to nod in confusion.

After clicking, she seemed to have discovered what was wrong with the two questions just now.

Then her eyes slowly came to see Walter clearly.

What did he just ask?

Walter got two replies that he was satisfied with. Although he didn't want to admit it, he was in a very happy mood at the moment, his thin lips curled up in a beautiful arc, "Second married girl, you are tempted."

Ana's eyes widened suddenly and pushed him away forcefully.

"Don't talk nonsense!"

Walter was pushed a bit and fell back onto the wheelchair seat.

"Heh, nonsense? Second married girl, you can't hide your feelings, you just like me."

Ana Shen covered her ears, and shouted at Walter angrily: "I just don't like you. You don't humiliate me. How could I like someone like you?"

Walter pursed his lips: "Really? Who admitted that she liked me just now?"

Ana: "You are in danger!"

"Is it because I'm in danger or you can't control my heart at all, or..."

"Don't say it!" Ana Shen blurted out as soon as she was anxious: "How could I like a disabled person?"

There was a narrow smile on Walter's mouth. After hearing these words, his face suddenly changed. There was an undercurrent surging in the ink-colored eyes, like a sudden storm on the sea, the biggest it can even be rolled up to several tens of meters.

Ana also felt the surrounding temperature drop together.

She also realized what she had said just now in a hurry.

"That... what I just said was not..."

Intentional.

Walter's eyes were like a deep ink color, and the gloom inside was too thick to dissolve.

He stared at her tightly.

"It turns out that you think the same as he thinks."

Ana Shen bit her lower lip and shook her head vigorously.

She didn't! She never thought of attacking him!

Even when others said he was disabled, she desperately tried to defend him, how could she attack him as disabled? But his leg was disabled and he was sitting in a wheelchair.

This in itself was his inner pain, but she actually said something like that just now.

"Oh, second married woman, is this why you have been reluctant to let me touch you?"

“No!” Ana was also panicked. She accidentally hurt someone’s sore spot. She also regrets it now. She anxiously wants to explain to Walter: “Will you listen to my explanation? Just now I was just too anxious. , So I don’t know what to say.”

“This is a fact.” Walter said confidently, his smile was self-deprecating: “The Shen family wants you to marry your sister instead. Are you wronged? After all, marrying me this kind of half-failure disability, your second half of life is all ruined. That’s why you eagerly want to be with my eldest brother and seek future happiness for yourself?”

Ana shook her head, she was already too anxious: “Walter, don’t say that, I really never thought of that.”

Walter continued to sneer, obviously he didn’t listen to Ana’s words.

Starting from Ana’s sentence how could I like you handicapped, his view of Ana has obviously changed.

On weekdays, those women always despise him because he is in a wheelchair. Although they all want to be close to him on the surface, they are obviously for Yeji’s property, but the stigma that jumps in the eyes cannot hide at all. .

As for Ana in front of him, he was able to quarrel or even act with each other because someone said he was disabled. He suddenly felt...maybe she was different from others.

Unexpectedly, she also said it today.

Walter felt that the air in this ward was not so good.

He rolled the wheel with an indifferent expression and left the ward.

The woman's call came from behind, and her tone was particularly tense.

"Walter, come back, listen to me to explain, what I said just now was really unintentional!"

Unintentional?

Oh, even if it is unintentional.

That's what you thought in her heart.

Otherwise, how could it blurt out?

Walter's figure was resolute, and he quickly left the ward. Only Ana was left in the ward panting in a hurry. She called Walter's name for a long time, and he ignored her.

Ana lowered her eyes and stared at the white sheets in a daze.

She regretted it.

She shouldn't say that on impulse, but she didn't know what was going on at the time. Seeing Walter's nasty smile, she felt that he was about to humiliate her again.

If she can see his thoughts, he will catch her and laugh at her.

Ana Shen didn't want him to laugh at her anymore, so, she said it impulsively.

That's right, Ana Shen still couldn't help being moved.

For so many years, Walter was Ana's first person.

Although she had liked Ben Lin before, but at that time she thought that Ben Lin was good in all aspects and should be a husband of the family, so she agreed to get married.

After that, it was plain and flat, and it was not until the divorce that Ana felt a little friction with Ben Lin.

But since she got married to Yejia, Walter has done a lot for her to prevent her from being bullied by others, and give her a tooth for a tooth.

Although she knew that he did all this just to save his face, but he still couldn't help her other thoughts.

Ana Shen lay back under the quilt, tears falling from the corner of her eyes in despair.

But she shouldn't be qualified to be with him.

She is a divorced woman with other men and children in her belly.

Even Ana disliked herself.

But why can't she control her heart?

All night, Walter did not appear again, and even the next day he did not come again. She was the only one in the empty ward. Ana's face and lips were very pale. The doctor came to examine her and asked her about her health.

Ana Shen didn't speak either.

The doctor had no choice but to call.

After a while, Jessica came.

“What’s the matter? You weren’t okay when I left last night, why all of a sudden you...” Jessica was frightened when she saw her face pale as paper. “You won’t be serious again, are you?”

“I’m fine.” Ana Shen shook her head: “I can leave the hospital today? I don’t like staying in the hospital.”

She was pale everywhere, and no one was with her.

Let her have a very desolate feeling.

More importantly, she wanted to ask Walter to explain what she said last night.

“Jessica, you accompany me to go through the discharge procedures, OK?”

“But your body...” Jessica asked worriedly, “Is it really all right?”

“If I have a problem, I will say... don’t worry.”

“Then-okay.” Jessica finally couldn’t help her, and accompanied her to go through the discharge formalities. After that, the two separated.

Ana Shen went back to Ye’s house directly. Walter probably hasn’t gone to the company yet, as long as she can find him, she can explain what happened yesterday.

## **Chapter 154**

But the room was empty, with no figure of Walter at all.

Ana didn’t give up, and ran to the study again.

Walter was not seen in the study. Ana Shen didn't know where he has gone, probably because she felt guilty in her heart because of what she said, and always felt that Walter was fading out of her world.

Or perhaps, she has never been able to enter his world.

Finally, Ana washed and changed her clothes to the company.

When I passed downstairs, she just ran into the old man who wanted to go out.

It's been a long time since she met him, the old man seems to be very busy recently.

He saw Ana Shen, his somber eyes rolled, and he asked directly: "Erika Shen, how did you do the thing that grandpa asked you to do last time?"

Ana was very upset. At first she didn't think what he was asking, but it took a while to remember that what Old Man Ye was asking about Curtis Ye and Karla Han.

Thinking of this, Ana Shen quickly explained: "Master, I told Karla, but...she seems to have a boyfriend, so..."

The old man squinted his eyes slightly when he heard the words, as if he was studying the truth or falsehood in her words. Ana was staring at him so severely that her scalp was numb, and she couldn't help but lower her head and bit her lower lip.

"grandfather."

A gentle voice sounded behind itself, the voice of Curtis Ye.

“Didn’t you make an appointment with Grandpa Zhong to play Tai Chi? Grandpa Zhong will make fun of you for being late again if you don’t go out again.”

Grandpa Ye glanced at Curtis Ye with complicated eyes, and finally withdrew his gaze: “That’s OK, Erika Shen, Grandpa will look for you another day.”

“Master, go slowly.”

After the old man Ye had left, Ana realized that she had a thin layer of cold sweat on her back under her stern eyes.

No way, his eyes were too sharp, and facing him, Ana was always afraid of being found out.

Curtis Ye stepped forward, “Are you okay?”

Curtis Ye...

Before Ana adjusted her mood to face him, she lowered her eyes when she heard his voice, stared at her toes and turned around before leaving.

“Brother sister!” Curtis saw her turn around and left. She didn’t even say hello to him, and he called her anxiously.

Ana’s pace was paused.

Curtis’s voice was helpless: “Are you hiding yourself from me?”

Ana: “...”

She just didn’t think of how to face him, this matter... is too complicated.

She only felt that the master seemed to place her on the chessboard of fate, maybe... she was destined to be the chess piece that was to be sacrificed.

Thinking of this, Ana Shen closed her eyes, whispered no, and then continued to move forward.

Who knew Curtis Ye actually stepped forward and blocked her way?

“If you didn’t avoid me, how could you do not have even the courage to look up at me?”

Ana said in her heart: Please leave quickly, I really don’t know what mood to face you now!

At this moment, the gentle and moist Curtis Ye seemed a little reluctant: “Did I do something wrong? I bored you? Or...”

“No!” Ana suddenly raised her head and interrupted him: “Big Brother, don’t think too much about it, it’s my own problem! I have to rush to the company, so I’m leaving.”

When the words fell, Ana Shen passed him directly and left.

Curtis turned his head to the side and saw the slender and petite figure walking fast.

Think of her as a scourge.

Staring at her back until it disappeared, Curtis suddenly came back to his senses. He seemed to have paid too much attention to her recently...

But why on earth is she avoiding him? What is her own problem?

Ana Shen was already late when she arrived at the company, but before she had time to pursue the problem, she went directly to the office to find Walter.

As soon as she was about to walk in, she was stopped by Phillip.

“Assistant Shen, you can’t go in.”

Ana’s face paled: “I have something to tell Walter.”

Phillip: “Mr. Walter ordered, you can no longer enter and leave his office against his will, don’t make me embarrassed.”

Ana : “...”

Unexpectedly, that unintentional remark would actually arouse such great anger.

“Also, you are no longer Mr. Walter’s assistant from today.”

“What?” Ana widened her eyes and asked incredulously: “What does this mean?”

Although a bit cruel, Phillip told the truth: “You were demoted by Mr. Walter.”

Demoted, demoted...

Ana couldn’t help swallowing, her pink lips opened, and after a while she asked helplessly, “Then what shall she do in the future?”

“Qing, cleaner.”

Cleaner? Ana’s face turned pale in an instant.

What kind of demotion is this? This is almost the same as driving her out of Yeshi? Let her, a girl who is an assistant, suddenly become a cleaner. What do people in the company think of her?

“Or, you can choose the lowest-level common employee position yourself, but there are so many people there.”

In other words, there are not so many cleaners, but they are very hard.

Ordinary staff positions are not so hard, but there are many people and eyes, and she is demoted and will definitely be bullied.

Ana Shen lowered her eyes and let out a self-deprecating laugh: “Why did he just fire her?”

Phillip said with a serious face: “Mr. Walter also wants to fire you directly, but don’t forget Miss Shen, you still owe the company’s salary, so you have to stay and fill your time.”

Ana: “...He is careful, I know.”

Now I want to explain to him, he probably won’t hear a word.

It was also at this time that Ana felt that Walter was really angry with her this time, because he would never do this before, and now he has directly demoted her.

This shows that he is announcing to the whole person company that even if he had a catchy relationship with Ana before, he would not count it.

She Ana is uncovered, anyone can bully her.

“Shen...Miss Shen.” Seeing her turning around lonely, Phillip couldn’t help calling her: “You really said too much this time, Mr. Walter...the most taboo thing is that others say that.”

“I know.” Ana nodded: “I was also in a rush at that time. I explained to him that he didn’t listen, but it seems useless now. I will go to work. I will pack things first.”

After that, Ana went straight back to her post to pack up things.

Phillip sighed as he watched from the sidelines. They were obviously couple. Why did he end up like this? The emotion between this man and woman is really strange...

Phillip couldn’t figure it out.

When Ana talked to Jessica about his being demoted during lunch, Jessica almost exploded.

“How is it possible? Didn’t Mr. Walter feel sorry for you? Why you were suddenly demoted? I don’t believe it! Are you kidding me?”

With a bitter smile on the corner of Ana’s lips, she poked the rice grains in the bowl to eat unintentionally: “Do you think I am kidding?”

## **Chapter 155**

Jessica looked at her for a while.

“Then you have been demoted, what will you do in the future?”

How to do? What can you do?

“Do I have a choice?” She smiled bitterly.

Jessica nodded: “Of course there is.”

Ana Shen raised eyebrows.

Jessica snorted, “You can choose to be a cleaner or an ordinary employee. I think... Mr. Walter is not bad, at least he will give you a choice.”

Ana: “...”

She thinks Jessica can comment on the best friend series.

“I’ll say it seriously, I think you might as well be a cleaner. Although it’s a bit harder, there are not so many intrigues. Just the scandal that you had with Mr. Walter before, if you go to work with ordinary employees, those women can eat you!”

Needless to say Jessica, Ana Shen can feel it.

Even when she was an assistant before, people dared to attack her, not to mention that she was demoted now.

Feeling a bumpy future, Ana Shen reluctantly closed her eyes.

“But don’t be too pessimistic, maybe everyone will not hate you after they know you? Hehehe.”

If you can choose, Ana must choose to leave.

But there is no way. According to Phillip, she still owes the company’s salary and bonus.

Finally, Ana Shen thought for a while and chose to work with ordinary employees.

Jessica couldn't help jumping when she knew it, "What's the matter with you? Didn't I say that they can eat you where you go? Are you going to deliver it for yourself?"

"You are right, but everyone knows that I was demoted. Even if I become a cleaner, do you think everyone will let me go? I will definitely find a way to deal with me then. I might as well confront them directly."

Hearing, Jessica stared at her blankly for a long while, and suddenly applauded for her: "I didn't expect you to be so courageous. From now on, we will treat you as if we don't know each other in front of others! Don't bother me."

Ana smiled: "Okay."

She is used to it.

Walter also said that she was just a subordinate before the people, and she was not his wife after the people.

So after Jessica said this, Ana felt that it was a matter of course. Who would like a troublesome person?

After that, Ana packed up and went to report. As she expected, the supervisor gave her a slap in the face when she first went.

Bring her to a desk casually: "This will be where you work from now on. Newcomers should know the rules. Do you know what your seniors ask you to do?"

After hearing these words, Ana felt that the supervisor was not that bad, but...very harsh.

Ana Shen.

As soon as the supervisor left, a group of people sitting next to her suddenly talked about her loudly.

“Now anyone really dares to squeeze into the company, thinking that she can be an assistant to the president. Now she has been demoted the same way, and it has dropped so low.”

“I heard that the president reduced her to a cleaner and an ordinary employee. She chose an ordinary employee.”

“Really, it’s the most suitable appearance to be a cleaner like her. Why come here to join in the fun? This kind of bed-climbing woman should not be able to do anything except that she is a bit more skilled in bed, right? The job is the best.”

“Hey, newcomer, are you shameless? We are not short of people here, can’t you be a cleaner?”

Someone yelled at Ana’s back.

Ana Shen decided not to care about them, so she ignored them.

Who knows that when the person saw that she didn’t reply, he actually walked over and grabbed a bunch of her hair: “Is it polite to talk to you and ignore it?”

Ana was in pain, so she stood up and looked at each other coldly.

“When did you talk to me? Did you say hello to me? I naturally have such a thing as politeness, but I think you can improve your quality a little bit, don’t touch others casually.”

Everyone thought she looked like a bully, but she actually stood up to fight back.

“What are you talking about? You are a newcomer, dare you say that to me? Did you recognize your own situation? Do you dare to confront us when you are here? Do you want to die?”

Ana Shen glanced at everyone coldly.

Everyone continued to criticize her.

“Yeah, if you don’t want to die, it’s best to follow us. After all, a woman like you who climbs a bed and wants to climb high branches has seen a lot of us, and we have cleaned up a lot.”

“Haha that is, if you know that you are wrong, immediately go outside and bring a cup of coffee and cake to everyone in our office. Maybe we can see that it is not so difficult for you in the future.”

Oh, spend money to buy things to hate yourself, and to embarrass yourself.

Do they think their head was kicked by a donkey?

Ana snorted coldly and sat back in her seat without talking to them.

She turned on the computer.

“What do you mean? You ignore us?!”

“I’m sorry, you are neither my immediate boss nor I am your personal assistant. You have no right to ask me to do anything for you.”

The computer turned on a bit slowly. After Ana entered, she entered the antivirus system and gave the computer a physical examination.

The person next to her gloats: “Tsk, okay, we can’t give you a call, right? Is the supervisor qualified? You wait!”

Ana ignored them and continued to play with her computer.

She knew that all these people wanted to eat her, but she also knew that even if she bought something for everyone, everyone would only laugh at her even more.

So, she just stood up like this, there is nothing to shrink and bribe.

Now that she is here, she can only stand by soldiers, and the water has come to cover her.

After a while, the supervisor called her to the office and handed her some folders.

“The information in this is for later meetings. You can sort them out within an hour after the meeting.”

Hearing, Ana took a look after taking it, and frowned slightly: “Supervisor, it’s a bit difficult to sort out this in one hour, right?”

The supervisor raised his eyes and glanced at her: “Difficult? As an assistant to the president, you should not be handy in organizing information, right? Are you really as they said, without any ability?”

Ana: "...No, I will sort it out."

After speaking, Ana Shen took the folder and walked out of the office.

Several women gathered around her table and looked at her gleefully.

"Didn't she say that we can't order her? Now she is called to work by the supervisor, right? With so much information, how can she sort out all the information before the meeting starts? If the sorting is not good, can we expel her from this department? Ah? After all, Ye Clan never raises useless people!"

Ana ignored these rumors, instead sitting in front of the computer carefully opened the folder, and then carefully sorted it out.

## **Chapter 156**

Ana Shen's work ability is actually relatively strong, plus her previous experience, so it is handy to organize these materials. It's just that the people below didn't know what kind of work she had done before, and they didn't know that even if she was by Walter's side, she could still follow Walter's footsteps.

Everyone only saw the superficial phenomenon and felt that Ana was a woman who got that position by climbing a bed or other means.

Now the president hated her, so he demoted her directly.

At this moment, the supervisor gave all the information to her for processing. It was originally a deliberate embarrassment, so everyone was especially gloating, wanting to see that this demoted newcomer was embarrassed on the first day she arrived. When the time comes, go directly to Mr. Walter to tell him, maybe she can be driven out of Ye Shi.

Time passed by, and Ana Shen had stayed at the desk and carefully sorted it out from the time she retrieved the information, no matter what the people said behind.

When everyone saw that she was able to sit still, they were a little uncomfortable, and they all complained.

“What, pretend to be like something, she doesn’t really think that she can process all the data in an hour, right?”

“Tsk tsk, these materials will be used for meetings. If something goes wrong, she must be pretty. Now if you pretend to be calm, you have to kneel down and beg for mercy!”

“Why doesn’t she move? Really take herself seriously?”

“Ten minutes to an hour, hey, newcomer... you still have time to beg for mercy!”

Ana ignored them, but was a little urinary after sitting for too long. She glanced at the computer, and she was done with one more point. Finally, Ana spent the last five minutes to sort out the information.

When it was finally set, Ana Shen saw that there was still time, so she went to the bathroom.

As soon as she left, the group of people next to her leaned in.

“It seems to be sorted out.” One of the yellow-haired girls, Cui Minli, took a closer look and found that the information inside was actually neat.

“How is it possible?” Gao Yun’s eyes widened, and he looked at the finished materials in front of him in disbelief: “Don’t she know nothing? How could it be sorted so fast? It didn’t even arrive for an hour!”

Cui Minli bit her lower lip: “But Gao Yun, these are obviously already sorted out, what should we do? Did she show off on the first day she came to our department?”

“I want to be beautiful!” Gao Yun sneered, “Sister Qiangwei said over there, let us have to entertain this newcomer well, she thinks it’s just that way, and there is no door.”

“Then, what are we going to do?” Cui Minli asked quietly.

Gao Yun smiled gloomily.

Ana went to the bathroom, and when she returned, she sat in the seat and looked a little pale.

Although she takes the medicine on time every day, her stomach is always uncomfortable sometimes, which may also be related to her mood and rest. She must adjust her mentality for the child.

Ana Shen was about to print out the information, but found that the computer screen was completely black.

Her face changed, and the mouse was clicked hard, but the screen was still black.

It seems to be turned off...

Ana Shen pressed the power button again, and the screen turned on. After waiting nervously for about a minute, the computer restarted, and she clicked on the page just now, only to find that all the data she had organized had been deleted.

“Haha~” There were a few snickers next to her, and Ana turned her head, just in time to see the low laughter of Cui Minli and Gao Yun schaking together.

Seeing her looking over, the two of them stared at her proudly. At first glance, it seemed that they were not worried about being discovered by her.

Ana Shen frowned and stood up, "You turned off my computer, right?"

Hearing, Gao Yun stood up and looked at Ana, with his hands on his chest, his face haughtily and said: "What evidence do you have that we turned off the computer? No one has sat in your position for a long time, and the computer turns on so slowly. And there are often problems, you don't know who is to blame after finishing the data by yourself?"

"Who said I didn't save it, you all deleted it." Ana admitted coldly.

"Haha, which one of your eyes saw that we deleted it? If the computer fails, shut it down by yourself, or you may lose the file due to the failure, how come it belongs to us, newcomer, you can just do it by yourself. The attitude of shaking the pot is not good."

Cui Minli also stood up, yin and yang mockingly said: "Really, you are blaming others for your inadequate ability to do things, no wonder you will be demoted? Wouldn't you blame yourself every time your boss confessed to you not to be done? Other people? In this case, I think you will be kicked out of Yeshi sooner or later, or... Isn't it good for you to be a cleaner? Don't come to our department to waste resources, know that you need electricity to turn on the computer, OK? "

Gao Yun said these words very happy, so the two of them looked at each other, Gao Yun said: "An hour is almost here, the supervisor will look for you in the future, I see what you will do. If you don't do it well, you can get out. Leave our department."

Ana took a deep breath. Before she could say anything, the supervisor had already come over.

“What’s the matter, are they all here?” the supervisor asked with a bad face.

“Sister Cheng Yan, you want this newcomer to sort out the information, but she hasn’t sorted it out yet, but she didn’t report it to you in advance. Sister Cheng Yan, you will have to take this information and pass it up for a meeting. Yes!” Cui Minli hurriedly jumped forward to make a small report.

Gao Yun’s arrogant look just now doesn’t leave. At this moment, he said with a pitiful look: “Supervisor, let’s forget it because she is a newcomer. After all, this kind of information is not. Anyone can sort it out by herself. She was demoted. She definitely won’t have this ability, forget it.”

The supervisor glared at Ana bitterly, and said angrily: “You wanted me to kill you on the first day, right?”

Ana stood there and didn’t speak. At this moment, she explained that there was nothing. She just came to the supervisor and put pressure on her.

“Okay, you want to kill me, and I won’t be your substitute. You will go to the meeting room with me today to admit your mistakes!” After speaking, the supervisor reached out and pulled Ana Shen’s arm.

Ana Shen stepped back, avoiding the man’s touch, and then said coldly: “I will go by myself.”

The supervisor retracted his hand and said impatiently: “Fine, come with me right away.”

Ana Shen walked back expressionlessly and picked up her backpack, then pulled out a USB flash drive from the computer interface, rolled it into her palm and left with the supervisor.

After they left, Cui Minli talked to Gao Yun.

“What did she go back to get the bag for? And she seems to have taken something from the computer?”

“I don’t know, we have deleted the data anyway, and it doesn’t matter what she takes!”
