

Chapter 1249 – 1254 of Punished by His Love Novel

Chapter 1249

He also discovered that the anonymous disciple in front of him did not show mercy to his men.

Fu Zhengxiong guarded Qin Shuang behind him.

The man finally stopped.

He slammed his finger on Fu Zhengxiong's forehead fiercely: "You are just an old mess!"

Fu Zhengxiong: "..."

"Women, listen to me, today you are dead if you hide behind Lao Za Mao! Next time I will see you making things difficult for Suzi, I will pull out all your teeth! I will poke you in the face Two big holes!"

If the words must be said, the man turned around and left.

Get in the car and drive away.

This series of actions lasted less than five minutes.

It's been a minute since he drove out of the car, and the people from the old house here have rushed over.

The old house is really too big.

From front to back, it's like a palace.

Even so, those who ran out were still domestic servants and bodyguards busy near this door. As for Arron, Suzi, and Lilly, at this moment, they had just walked outside the main house where the old lady of the Fu family lived.

The family of three didn't know what happened at the door. At this moment, Suzi was worried about grandma's illness.

"Only, when I go in, I will kneel in front of Grandma, let the grandmother take a good look at you, you know?" Suzi told Lilly.

Lilly nodded: "I know mom, mom, can I give grandma a lollipop?"

Suzi: "Too grandma's teeth are gone, your lollipops are hard, she can't eat them."

Lilly shook his head mysteriously: "Humph! I have soft ones."

Suzi was puzzled: "Where did you get the fudge? Could it be that you knew in advance that you were going to see Grandma today?"

Lilly shook his head: "Gu Xiangyi gave it to me."

Suzi smiled: "Oh, Gu Xiangyi likes soft lollipops?"

"No, mother, Gu Xiangyi said that she and her mother are going to see a relative of her mother today. She will also call her grandfather. She bought the jelly to make grandpa happy. She gave me two. "

Suzi: "...Remember not to ask for other people's things in the future!"

"I know, mom, I will return a gift to Gu Xiangyi next week." The little thing said sweetly.

"Go in and see your wife."

After entering the living room from the main room, walk another room into the room with the largest morning sun, which is the room of the old man and the old lady. At this moment, the old lady is really lying on the bed.

However, her complexion is not bad.

The old lady was crying to the old man in the wheelchair: "We have a good home, what is this for? This is! It must be so noisy, I can't stop it, I have one grandson now, this is my only one. Grandson!"

"There is one and only one. She is the only little girl doll in our Fu family, this is the only one!"

"I want the only one!"

"I want the only one! Dead old man, go get the only one by my side..."

The old lady cried and wailed again and again.

Fu Hengsheng, a nearly 100-year-old man, also burst into tears.

"Old lady, what are you crying for..." Lilly shouted in a breath of expression at the door.

"Ah, the only one is the only one calling me? The only one! Is the only one coming?" The half-lying old lady suddenly sat up and turned her head to look towards the door.

Sure enough, there was a little thing with an incomparable expression standing at the door, rolling his eyes to reveal her dissatisfaction.

The little thing is carrying a backpack and looks like a stinky fart.

“Oh, my only one... Come here soon! Let the grandma kiss her, and the wife will move today and live with you... oh oh.” The old lady was crying like Like a child.

Shen Only: “...”

She hurried to the old lady: “Don’t cry!”

The old lady touched her tears: “You won’t let me cry, then what reward do you have for me?”

Lilly took out two soft candies from his backpack and handed them to the old lady: “It’s too soft, grandma, and sweet. You will definitely be happy if you eat them.”

When they saw the two gummies, Suzi and Arron’s colleagues were stunned.

Chapter 1250

The only thing she is a big classmate, but she is still a little illiterate.

Shen only knew a few words.

For example, Suzi.

For example, Arron.

Another example is Lilly.

She doesn't know much about her, so, that soft and beautiful, Kawaii Tangtang clearly says a few big characters, "Happy Grandpa Shu!" 'These words are very fancy, very happy, very cute.

Lilly thought it was a pattern.

So, I don't know what is written above at all.

However, Suzi and Arron could see the words clearly at a glance.

At the same time, the old man Fu Hengsheng also saw the words clearly, and the old lady was also full of knowledge.

Fu Hengsheng's face has mixed flavors.

But the old lady is much more enlightened, and she smiles very kindly: "Oh, we are the only one. Now there is another grandfather, right?"

Lilly tilted his head: "No, I have always had only one grandfather."

Yubi, Lilly rolled his eyes and looked at Fu Hengsheng: "It's this nasty grandfather!"

Hearing the only thing like this, Fu Hengsheng immediately opened his eyebrows and laughed. He smiled, and the gray beard on his mouth pursed up, and the only one smiled. She plunged into the grandfather's arms and tugged his beard to play: "Grandpa, You are not allowed to cut off your beard in the future!"

Lilly's tone of command was very domineering.

Grandpa Grandpa asked cautiously: "Why can't Grandpa Grandpa cut his beard?"

“You cut off your beard, whose beard should I play with? My father’s beard is all stubble, my grandpa, I hate him!”

Fu Hengsheng immediately respected and said, “Well, good, grandpa will not cut his beard all his life, grandpa keeps his beard and pulls it for the only one.”

Lilly looked at Grandma with a fart incomparably.

“Too grandma, you can eat sweets, I don’t have a second grandfather, I only have one grandpa, and only one grandma.” Lilly nodded affirmatively.

Grandma too took a soft candy with the words ‘Grandpa Shu Happy’, took a bite, and laughed.

She looked at Suzi and Arron: “Qin’er, Suzi Suzi, this jelly is really sweet. Grandma knows that Suzi Suzi has just met grandpa and k!ssed him a little bit. Grandma understands it very well. Grandma is not jealous.”

Suzi: “...”

Embarrassment is not enough to describe her embarrassing situation at this time.

“Suzi, come here, let grandma see if you are a little stronger, you are too thin, and your body was emptied a few years ago.” The old lady raised her hand to pull Suzi.

Suzi smiled and came to the old lady: “Grandma...”

The old lady smiled and pulled Suzi: “Suzi, listen to my grandma, the past is gone, okay, good boy?”

Suzi nodded: “Yeah, okay grandma.”

“Look, now you are the granddaughter of Lao Shu’s family. Your grandfather and your grandfather have been in a good relationship since they were young, and the last generation of the Fu family, buried in the ground, is also a family friend. We are now I really k!ssed and k!ssed. You will bring your grandfather to the house in the future. We are all a family, you understand the children.”

Suzi nodded: “The grandma I know.”

The old man threw a lot of Suzi up and down, and said, “My child, look, the Fu family now has less of this single seedling, and the only one is herself. The Fu family doesn’t pay attention to boys and girls, so we won’t pay attention to it anymore. Even if you are the only one, you have to give her a companion, right?”

Suzi blushed immediately: “Grandma!”

Grandma laughed: “I’ve been a mother for so many years. I’ve been a mother for so many years, and my face is still so thin. It doesn’t work. Listen to my grandmother and build a strong body. You need to have more births, at least five, and three more boys. , Two girls, listen to grandma, okay?”

Suzi: “...”

She really blushed and wanted to find a hole in the ground, okay?

It’s been a year since she came back, but her stomach didn’t move, and she and Arron went to the hospital for an examination. There was nothing wrong with them, and neither of them had any problems.

The doctor thought about it, but also felt that Suzi’s body has been deficiencies too much in the past few years.

The doctor asked Suzi to take good care of him and eat more nutritious food.

Same as grandma said.

However, at this time, in front of the Fu family's old family, grandma told her this, Suzi was really shy.

Chapter 1251

Besides, give birth to five?

Plus only six.

She is not a sow.

He looked back at Arron, hoping that Arron could help her out.

Who knows that Arron said to his grandma with certainty: "Grandma, why do you feel so sorry for your grandson and daughter-in-law? Or do you think your grandson is incapable? Just give birth to five? We originally planned to give birth to seven or eight. How can you? Let's talk less?"

"Arron!" Suzi blushed like a tomato.

The old lady Fu Hengsheng on the side laughed involuntarily.

The little thing, Lilly, was lying in the arms of the grandfather, and he staggered with a smile.

Suzi suddenly felt that he was really desperate today.

The four people she faced were all the Fu family!

She has a foreign surname, but she can't fight it!

"Grandma, please stop talking." Suzi had to plead with grandma.

Grandma smiled and said: “Okay, okay, grandma won’t say anything, grandma will be hungry now and want to eat.”

“Grandma, can I feed you?” Suzi asked.

She is a filial child.

Except for Mr. Shu, she has a filial piety to any elderly, especially her grandmother used to protect her so much and gave her such an expensive bracelet.

In other words, Suzi has received very little warmth since childhood.

As long as she can get some warmth, she feels so cherished.

Rayna and Galia are like this.

Dalia is like this.

This is how the dead Shanna was.

The same goes for Grandpa Shen Er in his hometown.

And nowadays grandma, even more so.

Arron doesn’t have much affection for grandma, but Suzi takes care of grandma as his own.

She brought the bird’s nest soup from the domestic helper and fed it bit by bit to the elderly.

She was afraid of being hot or cold, and every small spoonful was carefully fed in.

There were clear tears in the eyes of the centenarian.

When a bowl of hot bird's nest soup was almost finished, the old lady yelled her tears and whimpered: "Suzi, don't you blame this big family, how are you kids?"

Suzi smiled indifferently: "Grandma, don't cry. You just drank the bird's nest, and the nutrition followed your tears."

In fact, she really doesn't care about anything.

What kind of former enmity of the big family?

What does it have to do with her?

To put it bluntly, in this big family, only Arron and the only person really have a relationship with her Suzi.

As long as she and Arron are on one mind, she can ignore everything else.

Grandma cried and laughed: "Okay, grandma stops crying. Grandma continues to drink soup. Grandma drank the bird's nest soup fed by my grandson and daughter-in-law. Grandma's illness is more than half healed."

After taking another sip, the old lady smiled and said to Suzi: "Suzi, come to my grandma to tell you a secret."

Suzi was startled, then smiled and asked, "Grandma, what secrets are you hiding?"

"Bring your ears over, grandma only tells you alone." The old lady was like a naughty child.

Suzi had to put down the bird's nest bowl, and then moved his ear to the old man.

The old lady covered her ear: "Let me tell you..."

Chapter 1252

Shen's only sour little voice: "Huh! I thought it was me who loved Grandma the most? It turned out that the person who loved Grandma the most was my mother."

The grandmother still smiled and whispered to Suzi: "Grandma is not sick at all. Grandma just wants to be the only one and also my granddaughter-in-law. Grandma and the old maid at home have asked for an infertility prescription. You have more births."

Suzi: "..."

She took a sneak peek at Arron.

I really want to blush to the root of my neck.

However, my heart is sweet again.

"You take medicine and act according to this prescription, and grandma guarantees that your children and grandchildren will be full."

Suzi blushed and smiled: "I know, grandma, thank you."

"My dear grandson, stay here for dinner today?" Grandma asked very flatteringly.

Suzi felt sour.

Old people are a hundred years old after all.

Don't you just want to be full of children and grandchildren, around Huanhuan's knees?

At such an old age, she came to beg Suzi and Arron. Suzi really couldn't bear it. She gently said: "Saturday today, we don't have to go to work, and we have nothing to do. We are going to eat here at noon. Eat here in the evening, and after dinner, we will go home."

"That's good, that's good!" The old lady really did not get sick.

Can get out of bed.

She got out of bed and walked out tremblingly: "Wang Sao, tell the chef, today we must make a piece of roast duck, the only one that I like to eat, and..."

The old lady didn't finish her words, she heard the noise outside, the voice was very loud.

Very anxious.

"Eh, sir, what can I do, madam, do you want to go to the hospital?"

"Where is the wicked person who should break in? Did you subdue him? Should we call the police? Oh, the bodyguards at home are useless?"

"Madam, you wake up, madam."

"Oh..." Immediately, there was an old voice that seemed to be choking and just getting off his breath.

Suzi: "..."

Arron: "..."

Two people, you look at me and I look at you.

The old lady who had just landed was also stunned.

Suzi turned around and said to grandma: "Grandma, don't come out, I will go out to take a look with Arron."

As soon as the words were necessary, he went out with Arron.

In the hall, Qin Wenyu had just sat up, her face was pale, her lips were purple, her hair was messy, and her clothes seemed to be torn apart.

What happened?

Suzi took a closer look.

Gosh!

She almost laughed.

However, he is an adult who can bear his mind.

Suzi covered his mouth and looked at Qin Shuang, who was squatting next to Qin Wenyu.

Suzi didn't laugh out loud, but the little thing next to him, Lilly, didn't have such a good concentration.

When Lilly saw Qin Shuang, he immediately laughed.

"Hahaha, hahaha, you... why are you so funny, why do you make yourself so ugly every time? Qin Shuang, you are so ugly, don't you look in the mirror?"

“You...

You laughed at me, you really laughed at me, your head is like... a vulture, Qin Shuang, do you know a vulture? It's just that the hair on the head is missing a piece here and another piece on the other side. “

“You...you are so ugly and cute.”

Qin Shuang: “...”

She was not lightly beaten by the man just now, and her hair was stubbed out.

Just now when she came in through the gate, she saw her hair fall off the ground.

After entering, several domestic helpers looked at her.

Chapter 1253

There are a few young women who are covering their mouths intentionally or unintentionally.

At that time Qin Shuang didn't know why the domestic helper was covering his mouth, but now he suddenly understood.

Qin Shuang immediately got up and took a look at the full-length mirror Qian Qian who came to the hall. I don't know. At this sight, Qin Shuang herself was shocked. She unexpectedly blurted out: “Oh my God, who is this ugly monster! A ghost! A ghost!”

“Hahaha...” Lilly finally couldn't help it.

Her smile came out, and then she ran to Qin Shuang and looked at Qin Shuang in the mirror like Qin Shuang.

I saw Qin Shuang's messy hair in the mirror, and her hair volume was so small that she couldn't cover her scalp at all.

On the top of the scalp, a large piece is missing, the whole bald one.

Not only that, but one of her faces was swollen like a fat melon.

In this way, Suzi doesn't look like a woman anymore, a bit like a middle-aged greasy man with balding, wretched long hair.

"Ahahaha..." The only one who smiled still smiled.

Even Arron couldn't help laughing.

Qin Shuang was annoyed: "uuu..."

She didn't dare to get angry. Within an hour, she had been beaten by Suzi, Arron, Arron and then beaten by the villain.

Who did she provoke today?

"Zhengxiong! Zhengxiong! Look at them..." Qin Wenyu, who just woke up from a coma, roared with a sigh.

Fu Zhengxiong got up and scolded Arron angrily: "Arron! Look at what you have become now!"

Arron asked calmly: "What happened?"

Although he was asking, he had guessed almost.

"What happened? You ask her! You ask this woman!" Fu Zhengxiong pointed at Suzi and bluntly rebuked.

“Ask what she did! Arron, my son! You didn’t do that at all in the past! My son used to be decisive and never got caught by a woman. It’s better for you now.”

“This woman blatantly raised her child outside. This man has threatened our Fu family’s old home several times.”

“That disciple, he... just now, he was at the door of the house and beat your aunt Dashuang. She almost didn’t beat the two women to death. While beating, he said, if it were you Aunt and Shuang’er dare to speak harshly to Suzi, and he will kill them!”

“Hey... we are old and old, what a sin is this called!”

After a while, Fu Zhengxiong seemed to be bitter and enmity.

But as soon as his voice fell, he heard a small, childish, sorrowful voice:
“Grandpa! Have you ever thought about that, the wicked adult, why didn’t you beat you?”

Fu Zhengxiong heard this childish little voice.

This little voice is extremely pitiful, extremely wronged, and extremely sorrowful.

Fu Zhengxiong’s heart was sour.

When he turned his head, he saw Lilly with tears on his face.

Lilly, who was still laughing just now, was crying now. She cried and asked,
“Why doesn’t that big villain beat you?”

Fu Zhengxiong: “...”

Yes, he suddenly remembered that the evil man did not beat him.

“That wicked person is not my mother’s thing! That wicked person has something to do with you! It is the best proof that he doesn’t hit you!” The little child was so wronged in his heart that he could say something like an adult.

After speaking, she raised her eyes and looked at her mother: “Mom, let’s go home. I know why Dad doesn’t like to come here. This is not our home. Mom, I will never come here again. Let’s go home.”

Suzi also cried and said, “Okay, let’s go home.”

She looked at Arron, and Arron nodded.

A family of three left the old house without looking back.

Behind her, the old lady’s tears filled her face.

A family of three came from a height, and returned with disappointment. When they went out, they saw Christopher waiting halfway through the mountain.

Arron asked, “Is that him?”

Christopher shook his head: “Height is very similar to fat and thin, but that person is hunched. It stands to reason that a hunched person shouldn’t be such a fierce skill, but he, his skill is very good, and several bodyguards are not his opponents.”

Arron: “I see... go back.”

As soon as the car turned to the main road, Suzi’s cell phone rang, she felt a little bit in her heart, but she still picked it up and connected: “Hello?”

“Today at Fu’s house, how are you doing?” At the other end, the man asked in a low voice.

Chapter 1254

Suzi was startled.

Then, she looked at Arron.

Arron asked, "Is it him again?"

Even Lilly asked, "Is it my Uncle Pan?"

There are still tears in Lilly's eyes. She is a clever child, and she has heard only a little bit of knowledge in recent times.

To put it bluntly, Shen Only had already judged it in his heart.

Otherwise, she would not ask Grandpa in a questioning tone.

"Uncle Pan is very pitiful." The only one who cried suddenly was very sad: "Uncle Pan hurts the most. He even let me ride a horse. Uncle Pan hasn't been loved by his father since he was a child. Doesn't his mother want him? He is too pitiful. Oooooo..."

Suzi: "..."

At the other end, the man's tone suddenly became very sad: "The only one crying?"

Suzi: "Pan Haoyang, are you Pan Haoyang? If you are, then I'll tell you, Arron...I'm old...that, your brother...always looking for you ."

There was a long silence on that end.

A long time later, there was a decadent sneer: "I am no one! I am a demon who kills people without blinking. I met someone with a red eye than I killed and killed me that day, then I will die. Now, as for your surname Pan, what the hell is it!"

Suzi: "..."

At the other end, the phone has been hung up.

Her heart was also hung, and she chuckled.

After closing the line, Suzi looked back at Arron: "Arron, that..."

Arron did not speak.

His face is ugly.

In fact, his heart is mixed.

Like his younger brother Pan Haoyang, there is a cold-blooded thing in his bones.

Pan Haoyang was cold-blooded and ruthless, and Arron was even cold-blooded and ruthless.

The reason why he was not obvious during this period and seemed to have changed a lot, as gentle as a good new man, was actually because of the influence of Suzi and the only mother and daughter.

However, deep down, Arron was still cold-blooded.

He and Pan Haoyang have no feelings.

Even twin brothers.

That still won't let him have more emotions towards this younger brother.

The only thing that makes Arron feel soft is that the same parents say that at least Arron enjoys all the maternal love, at least Arron owns the entire Fu Group, at least he Arron...

Married Suzi, and had Shen Weiyi.

But what about the twin brothers?

In the end, there was nothing.

Arron also took back the Jiaying Island, which was dependent on it.

Now my brother is homeless and is running away.

This is where Arron can't deal with his younger brother, but only when he is his younger brother.

If it's a rival in love, it's another matter!

This rival not only likes Suzi, but he also loves the only one.

This is the coldest place in Arron's heart.

Arron only had a calm face and said nothing.

Suzi saw it, the man was very upset, and Suzi knew that men have become more and more jealous recently, like a young boy who is young and sprout. So Suzi has also become obedient.

She stopped talking.

Along the way, the family of three was speechless.
