

The ultimate Grandmasters' tournament!

Bai Chen, Bai San and the others narrowed their eyes when they heard this. The Bai Clan of Jiangnan Province where they were from belonged to a hidden prominent family. Thus, they seldom involved themselves in matters related to the outside world. Similarly, they didn't care much about the ultimate Grandmasters' tournament.

Old Master Bai continued, "I'm much honored to be able to watch the tournament with my own eyes. It's truly an eye opener for me! The first to challenge them were the two well-known ultimate grandmasters from our Jiangnan Province—Leng Aotian and He Lanshan! However, the one who volunteered to accept their challenge was Blood Wolf instead of Blood Buddha!"

*What?* His words shocked Bai Chen and the others. Blood Wolf fought against two u

Ultimate Grandmasters at the same time? That's quite... unbelievable.

"What happened then?" Bai Chen was very nervous.

He knew Leng Aotian and He Lanshan were the strongest and most famous martial artists in Jiangnan Province; the duo were almost invincible in the absence of people from the Four Greatest Hidden Prominent Families. Therefore, it must be very difficult for Blood Wolf to fight against both of them at the same time.

"In the end..." As Old Master Bai said, a bitter smile crossed his face. "What happened in the end was that Blood Wolf defeated both He Lanshan and Leng Aotian with one strike and ten strikes respectively! The two ultimate Grandmasters were... completely defeated!"

*Gasp!* Bai Chen, Bai San and the others had a shock of a lifetime when they heard

Old Master Bai's words, *yet the grandmasters were unable to survive more than ten strikes from the guy?*

However, the part which would shock them even more was just about to start.

"Do you people think everything is over after this? The most surprising thing of all was that Grandmaster Lin from our Jiang City!"

As if thinking about everything which had happened that day, an intense look of shock and admiration filled Old Master Bai's wrinkled face. "Just when everyone there was shocked by Blood Wolf's extraordinary ability, Grandmaster Lin appeared. He defeated the Blood Wolf with just a single strike!"

As Old Master Bai finished his sentence, Bai Chen, Bai San and the others were baffled. All of a sudden, they froze in shock, unable to react to what they had heard.

“Elder Bai, w-what did you just say? Grandmaster Lin defeated Blood Wolf with just a s-single strike?” Bai Chen asked in shock while goggling at Old Master Bai with his bulging eyes.

Bai Chen, Bai San and the others were scared out of their wits as soon as they saw Old Master Bai nodding seriously. What a shock indeed!

Blood Wolf was a formidable opponent; he had completely defeated two ultimate Grandmasters within ten strikes. Yet, a person like him couldn't even survive one strike at the hands of Grandmaster Lin! This was totally absurd and outrageous!

“Then... what about Blood Buddha?” Bai Chen continued to ask in a trembling voice while swallowing nervously.

“Blood Buddha?” Old Master Bai smiled bitterly before shaking his head. “He was defeated by Grandmaster Lin after ten strikes!”

*Ten strikes! Whoa...* The words sent shivers down the spines of Bai Chen and Bai San.

The person they were talking about was Blood Buddha, the notorious supervillain who killed countless people and terrorized the Northwest area for years. A lot of people had tried to defeat Blood Buddha, but no one had ever succeeded before. Now, Blood Buddha was actually defeated in this small third-tier city in less than ten strikes. This was truly unbelievable. Nevertheless, even more shocking news continued.

“Here’s another shocking news!” Old Master Bai looked hesitant, as if he wanted to say but dared not say it at the same time. He glanced at Bai Chen and the others carefully before he reminded them seriously. “Since the news is too shocking and terrifying, you guys mustn’t tell others about it once I told you! This is the exact reason why all the spectators at the tournament kept quiet

and didn't mention anything about the news after the grand match."

*Eh?* All Bai Chen, Bai San and the others had a feeling that the news which Old Master Bai was about to tell them would be very shocking when they saw the old man's serious expression. At that moment, everyone became solemn immediately.

Old Master Bai swallowed nervously when he noticed their expression. He then continued in a trembling voice, "Grandmaster Lin's true identity is the Lord of Blood Buddha! He is also most likely the legendary... King of Blood Prison as well!"

Upon hearing the four words 'King of Blood Prison', everyone was in total shock—especially Bai Chen. He was struck dumb by the revelation and fell onto the floor immediately. As for Bai San and the rest of the twelve White Angels, they were frightened out of their wits. If they were not Grandmasters,

they would've been scared and dropped onto the floor like Bai Chen.

“According to legends, the King of Blood Prison is the ultimate emperor who controls all underworld societies in the whole world. He is an extremely terrifying and powerful character in which many international leaders can be eliminated under his single command!”

“This is impossible! Why would the most powerful, god-like person end up somewhere here in Jiang City?”

Bai Chen broke out in a cold sweat; he felt his back was completely drenched in cold sweat as a look of utter disbelief crossed his face.

Besides him, Old Master Bai smiled bitterly and said, “That’s true. Who would ever believe that? However, this is the truth! Therefore, in Jiang City, you will never know for sure who the true owner of the city is! If you’re not careful

enough, you might lose your life even if you're the strongest person in China!"

Old Master Bai's words were serious and earnest, which acted as a cautious reminder to Bai Chen, Bai San and the others. All of them were lost in deep thought after hearing the old man's advice. Now, they finally realized what it meant by there was always someone better than you out there no matter how good you thought you were.

After a long pause, Bai Chen finally calmed himself down from all the shocking revelations regarding the King of Blood Prison. He sat back on his chair again before turning to face Bai San and the others. He then ordered, "Alright then; just be careful in your mission this time. We won't get ourselves killed as long as we don't mess with Grandmaster Lin!" As he said that, an icy look flickered in Bai Chen's eyes. "The people you guys are going to deal with this time are Lin Fan's subordinates. Three days later, they will

be coming to the Bai Residence for a banquet. On that very day, I want you guys to kidnap four persons—Xu Tianlong, Xue Meigui, Master Dao and Master Hu. Take them to the banquet, and if the New Bai Family Group does not comply, kill them!”

Upon hearing his order, Bai San and the twelve other Grandmasters bowed instantly. “Yes!”

...

Meanwhile, Bai Yi and her family just had their dinner. Lin Fan, who was wearing an apron around his waist, just finished cleaning up the kitchen.

At that moment, however, his ears moved slightly as he heard footsteps rushing hurriedly toward his house. “Looks like we have some news.”

A faint smile crossed Lin Fan’s face as he removed his gloves immediately and said to Bai Yi. “Darling, I’m going to go

out and throw some rubbish!”

As he finished, Lin Fan took a bag of garbage and walked directly out of the house.

It was really late and the night sky had begun to get darker. The street lights outside of Bai Yi’s house were dim.

Lin Fan walked out of the door and threw a bag of garbage into a garbage bin. After that, he didn’t go home straight away. Instead, he took out a pack of cigarettes from his pocket before taking one from the pack and lit it, taking a leisurely puff.

Just a moment after he started puffing at it, he heard footsteps rushing nearer from afar. *Tap! Tap! Tap!* It was a man dressed in black clothing, and he was running toward Lin Fan in a hurry.
