

Meanwhile, every single staff at the Caesar Hotel was in a bustle.

The entire Caesar Hotel had been completely cleared of people, leaving only one private room open in order to receive a certain bigwig for dinner.

At the entrance of the hotel, Niu Yunkui, the Police Commissioner of Jiang City was waiting anxiously with the number one President of Jiang City, Zhang Guohao.

“President, just who exactly is that Mr. Lin?”

The Police Commissioner of Jiang City, Niu Yunkui was beyond shocked this time for he had witnessed with his own two eyes, the number one of the province, Liu Zhen, personally giving instructions to prepare the venue.

As well as the Major General of the military region, Dong Jun, mobilizing elite soldiers to organize the security.

And the wealthiest man, Ma Yong, was even more so, busy rushing up and down, perspiring profusely from all the work.

Niu Yunkui couldn't even begin to imagine just what kind of great power that Mr. Lin was, to have these three prominent provincial figures personally come down to

set up the dining venue.

If word of this got out, it would definitely stir up the entire Jiangnan Province.

Hearing his question, the number one of Jiang City, Zhang Guohao couldn't help the look of awe that appeared on his face.

He lightly shook his head and said, "With your status as a commissioner, you aren't qualified to know his identity! Or rather, in the entire Jiang City, you can basically count the number of people who know his true identity with one hand!

Only one hand!

Naturally, Commissioner Niu Yunkui knew that Zhang Guohao wasn't lying. After all, to have someone like Liu Zhen personally set up the venue, one could imagine the horror of that Mr. Lin's identity.

Tap tap tap!

While they were talking about Mr. Lin's deeds, Liu Zhen and others who were already done with their work and came over.

Seeing this, Zhang Guohao hurriedly brought Niu Yunkui over to them and introduced, "President Liu, General Dong, Mr. Ma, allow

me to introduce to you!”

As he spoke, he pointed to the Police Commissioner of Jiang City, Niu Yunkui, and continued, “This, is the Police Commissioner of Jiang City’s Police Department, Niu Yunkui!”

Niu Yunkui immediately stepped forward to shake their hands and greet them, “Hello, President Liu, General Dong, Mr. Ma!”

Niu Yunkui’s palm was covered in sweat.

Excitement!

Tension!

After all, the three men before him were all cream of the crop bigwigs in the province. If it were normally, a small city commissioner like him can only dream of meeting them.

Seeing this, the three men treated him quite warmly as well.

“Hahaha... Don’t need to be so nervous Commissioner Niu! This time, the three of us have a lot of things to ask of you!” Liu Zhen said with a smile.

And General Dong nodded his head as well, saying, “After all, Mr. Lin has been living in

Jiang City which is under your jurisdiction! In the future, if Mr. Lin needs anything, we'll be needing you to take care of it!"

"That's right! Mr. Lin's matters are no trivial business! Commissioner Niu will have to pay more attention to it! Ma Yong added as well.

At this moment, seeing how warmly they were treating him, Niu Yunkui was instantly trembling with excitement.

Of course, he could see that the only reason these three bigwigs were treating him so politely was all because of Mr. Lin.

After all, Mr. Lin was in Jiang City, so he will surely have more interactions with that Mr. Lin in the future.

And with increased interaction, he would become a favorite of Mr. Lin.

If not for that, Niu Yunkui knew that there was no need for these three to talk to a small police commissioner like himself.

"Please be rest assured! From now on, Mr. Lin's business is my business! In Jiang City, you have my absolute guaranteed that no one will dare to mess with Mr. Lin!" Niu Yunkui gave them his word while patting on his chest.

At the same time, he secretly swore in his heart that he would put that Mr. Lin on a pedestal and treat him with reverence.

It was the leg of a powerful man he could latch himself onto.

If he managed to even get a strand of leg hair from that Mr. Lin, he'd be able to rest easy for the remainder of his life.

After receiving Niu Yunkui's guarantee, the enthusiasm on the faces of Liu Zhen and crew couldn't help increase by a notch.

However, just then!

Ding ding ding!

The ringtone of a phone suddenly rang through the air.

It was Dong Jun's phone.

He took a glance at the number, frowning slightly before picking it up.

However, after he listened to the call, the crowd around him noticed that Dong Jun's face turned ghastly white.

"General Dong, what happened?" Liu Zhen felt his heart pound, feeling a vague bad

hunch.

Just as Liu Zhen had suspected, General Dong's eye suddenly flashed onto Niu Yunkui after hearing his question. Glaring daggers at Niu Yunkui, he said in a voice piercing to the bone, "Niu Yunkui, the gall of your Jiang City Police Department! To think you'd arrest Mr. Lin! Have you people grown tired of living?!"

What!

When General Dong's enraged yell resounded through the air, the people near him were all completely stunned.

Niu Yunkui in particular felt like he had been struck by lightning. His head was utterly muddled and he was almost scared to the point of falling on his butt as he responded in a panic, "N-No! I've never given any order to arrest Mr. Lin! I don't even know who Mr. Lin is!"

At this moment, Niu Yunkui was virtually on the verge of bursting into tears.

This damn...

Having just given his assurance while patting on his chest a few moments ago, then having eggs on his face in the next

moment, Niu Yunkui really wanted to tear at his hair.

On the other side, the faces of Liu Zhen and the others had turned incredibly grim:

“General Dong, what on earth happened?”

“I just received news that three police officers went down to the Bai Group to arrest Mr. Lin! And now, Mr. Lin has even been sent to Jiang City Prison!” General Dong could only feel his blood curdling as he said, “The one who gave that order is the Police Captain of Jiang City’s Police Department, Zhong Bin!”

What!

This sentence made the faces of Liu Zhen and the others pale even more.

“Let’s go! Let’s hurry to Jiang City Prison now! Quick!” Liu Zhen ordered and with a wave of his hand, everyone headed for the cars.

That was not all!

“Check! Give me a thorough check of that Zhong person! I want a thorough check of his entire ancestry!”

With those words, Liu Zhen had completely sealed Zhong Bin's fate.

...

And right now, Zhong Bin was oblivious to everything that was about to happen.

He was currently sitting in his office with his legs crossed without a care, communicating with his brother-in-law, Huang Guosheng, through a video call.

"You've taken care of that kid, Zhong Bin?"
The Huang Guosheng on the screen appeared like he was unable to contain his excitement.

And he wasn't the only one!

On his side of the video call, Huang Tao and Xu Yanhong also squeezed into the screen, asking anxiously:

"Uncle, have you gotten your hands on the clothes? Also, is that little bastard dead?"

"Uncle, you have to kill that little bastard!
And that prescription of his, that's a treasure! You have to get your hands on it!"

All three members of the Huang family were beyond excited.

After all, the Emperor's Regalia the formula to the Resurrection Pill—these were all things that represented unimaginably astounding wealth.

Looking at the three members of the Huang family, Zhong Bin became more and more relaxed and said with a big grin, "Don't worry! Isn't he just a puny son-in-law that married into his wife's family? Just watch me get rid of him in a matter of minutes!"

As he spoke, Zhong Bin triumphantly started sounding all secretive to keep them guessing as he continued, "Do you guys know who I found to deal with this guy?"

Hmm?

Hearing his question, all three of them shook their heads at the same time.

Hehe... Master Dao!"

What!

All three of them were taken aback when they heard the words of Master Dao.

They had never thought that Zhong Bin would be able to invite a figure like Master Dao to step in and settle the matter.

That was basically breaking a butterfly on a wheel.

Lin Fan was completely finished.

“Hahaha... Uncle, you’re too amazing! I adore you to death now!” Huang Tao’s entire body was shaking with excitement, he could virtually see Lin Fan being tortured by Master Dao to the point he’d much rather die.

While a sinister and vicious smile appeared on Xu Yanhong’s face and she chimed in, “Keke... Now I’m really looking forward to seeing the expression on Bai Yi’s face when she finds out that her useless husband is dead! Oh, it’d be so delightful!”

Huang Tao and Xu Yanhong were extremely exhilarated.

Huang Guosheng, on the other hand, was more concerned about his Emperor’s Regalia and prescription. “Zhong Bin, I don’t care how that kid dies! What I want is the Emperor’s Regalia and prescription!”

“Don’t worry, Guosheng!” Zhong Bin said with a faint smile while checking his watch, “Master Dao and his men should probably be more or less done by now! I’ll have the clothes and prescription soon!”

Chapter 35 Check His Entire Ancestry!

When he was done, just as Zhong Bin was about to get up from his seat—

Bam!

The door to his office was kicked wide open with a loud bang.

Bam!

The deafening sound of the door being kicked open gave both Zhong Bin and the people on the other end of the video call the shock of their lives.

They had never expected that someone would dare to kick open the door to the police department captain's office.

"Fuck! Which asshole..." Zhong Bin was furious and turned around to curse.

However, just as those words came out of his mouth, he swallowed the rest of it back down.

Because he saw that the person who barged in was actually the Commissioner, Niu Yunkui.

"C-Commissioner!" Zhong Bin couldn't help but shrink away slightly. Then, as if he was performing face-changing magic, his face of anger instantly became one of trying to please the Commissioner as he asked, "What brings you here, Sir?"

"Sit! Please, have a seat, Commissioner."

Zhong Bin immediately went to grab a chair and wanted to bring it to Commissioner Niu

Yunkui.

However, the moment he got near—

Slap!

A loud resounding slap landed on his face. Zhong Bin was slapped so hard his entire person fell onto the ground along with the chair he was holding.

He was stunned.

At that moment, not only was Zhong Bin stupefied, even Huang Guosheng and the other two, who were still on the video call, were dumbstruck by the scene they had just witnessed.

W-What was going on?

Huang Guosheng knew that normally, Zhong Bin was extremely good at managing interpersonal relationships. Especially with his superior Niu Yunkui, Zhong Bin left such a good impression on the man the two of them even called each other brothers.

None of them could've ever imagined that Niu Yunkui would be incensed that he kicked open the door and gave Zhong Bin a slap. This...

"Commissioner, why did you hit me? I...What did I do wrong?" Zhong Bin asked while holding his fiery cheek.

For some reason, he actually had a bad feeling.

Niu Yunkui just huffed at Zhong Bin's question, his face dark and almost dripping with anger and resentment.

"What did you do wrong?"

"Hmph! Zhong Bin, you still have the gall to ask me what you did wrong?!"

Niu Yunkui was virtually spitting fire from his eyes.

Never in his wildest dreams would Niu Yunkui have imagined that this most competent subordinate of his would stir up such massive trouble.

This time, Zhong Bin almost got him killed as well. "Zhong Bin, I'm asking you, did you arrest Mr. Lin?"

Mr. Lin?

Hearing those words, Zhong Bin felt his heart fall and he lost all color on his face as he answered, "Commissioner, is the Mr. Lin

you're referring to Lin Fan?

"That kid beat others up in public. The evidence is irrefutable and I'm just carrying out my job in accordance with the law!"

In addition to Zhong Bin, the three people in the screen were equally shocked when they heard the words "Mr. Lin" come out from Niu Yunkui's mouth. They all felt a faint feeling of ominousness well up in their hearts.

And just as Zhong Bin was about to further explain himself, an icy voice came from outside the door, "In accordance with the law? Are you sure about that?"

Tap tap tap!

Following the voice that was heard loud and clear, a besuited middle-aged man walked in slowly.

And when they saw this person, both Zhong Bin and Huang Guosheng turned sheet white.

"P-President!"

The man before them was the number one president of Jiang City, Zhang Guohao.

Both Zhong Bin and Huang Guosheng were

utterly befuddled. They would have never thought that a little son-in-law who married into his wife's family like Lin Fan would be able to alert a major figure like Zhang Guohao.

However, that was only the beginning!

"How dare you claim to act in accordance with the law! The quality of the police of Jiang City is a real eye-opener for us!"

Then yet another cold voice could be heard.

And following that, under the incredulous gaze of Zhong Bin, Huang Guosheng, and the others, several more figures walked in one after another!

"That is... Jiang City's wealthiest man, Mr. Ma Yong!"

"This is Major General of the Jiangnan military region, Dong Jun!"

" ... "

At this moment, Zhong Bin, Huang Guosheng, and the others only felt their hearts beating faster and faster like it was virtually about to leap out of their chests.

These men were all prominent figures they

normally could only see on TV, they could barely believe that these people were standing right before their eyes at this very moment.

There was more!

When the last middle-aged man walked in with a solemn face, Zhong Bin and crew all exclaimed in shock, "The number one President of the Jiangnan Province, Liu Zhen!"

Boom!

Seeing Liu Zhen appear in front of them, Zhong Bin, Huang Guosheng and the others all felt a shudder down their spine and their blood ran cold.

What was going on?

What on earth was happening?!

How could someone as unimportant as Lin Fan call down Jiangnan's richest man, the Major General of the military region and Jiangnan's number one!

Oh my god...

Zhong Bin was completely scared shitless.

Especially when he realized all these big shots were looking at him with eyes filled with ruthlessness and disgust, as if he had done something treacherous.

"P-President Liu..." Zhong Bin said with a trembling voice.

However, as soon as he spoke, a cold glint flashed across Liu Zhen's eyes as he spat, "Zhong Bin, the audacity of you to take advantage of your position to take personal revenge!"

"Do you know just who Mr. Lin is?"

Who was he?

Zhong Bin was bewildered by the situation while the minds of the people on the other end of the video call had completely blanked out.

Wasn't Lin Fan just a man who married into his wife's family?

What other backgrounds could he have?

"Hmph! I'll tell you what!" President Liu Zhen said in a grave manner, his expression absolutely livid, "The Mr. Lin Fan that you arrested is Lin Zuo, a man who holds one of our country's four great commander seats!"

The Chairman of the Global Group!”

Thud!

At those words, it was as if Zhong Bin had all his strength sapped from his body as he completely slumped onto the ground.

The people on the screen were in even more of a commotion.

Huang Guosheng had also fallen to the floor, paralyzed with fear.

And what came after was a tensed silence.

They could virtually hear the pitter-patter of the perspiration raining down from Zhong Bin and Huang Guosheng’s foreheads.

One of the four great Commanders, Lin Zuo!

The new head of the Global Group, Lin Fan!

How could that be!

How the fuck could that be...

At that moment, Zhong Bin and Huang Guosheng felt that the entire world had gone crazy.

It’s just that right now, Liu Zhen couldn’t be

bothered with the shock the two of them were in. He took out a stack of documents from behind, and gave Zhong Bin an indifferent glance before saying, "Zhong Bin, we've investigated clearly and found that you are suspected of embezzlement, as well as using your position to extort and blackmail! You act with an utter disregard for human life!

In the sixteenth year of Huaxia, you conspired with Huang Guosheng to send your competition, Wang Long, to jail through shady means. Then, you even paid a killer to take his life while he was in prison!"

"In the eighteenth year of Huaxia..."

At this moment, Liu Zhen listed out crime after crime committed by Zhong Bin and Huang Guosheng with his solemn voice, but Zhong Bin had long since blanked out and couldn't hear a single word that was said.

It's over!

All he knew was that it was over for him.

The person he arrested was China's Lin Zuo, the owner of the Global Group?

He was the real... fucking crazy.

“Aaaah!” Just then yet another scream could be heard coming from the screen.

And it was from Xu Yanhong, her beautiful face had contorted horribly like she had seen a ghost as she shrieked hysterically, “I-I understand now! The Mr. Lin y-you people were looking to pay your respects to at Century Shopping Mall was actually Lin Fan!

“Lin Fan is the Commander! Lin Fan is the new boss of the Global Group! H-How could that be?! Bai Yi, how could it be that your loser of her husband was actually such a powerful figure?!”

It was as if Xu Yanhong had completely lost herself to insanity.

She had turned silly, her eyes had lost any focal point.

Meanwhile, Huang Tao had straight-up fainted from the shock.

Neither of them could've ever imagined that the person everyone revered and was dying to curry favor with back at Century Shopping Mall was actually the same person they were scheming to bring down.

Chapter 36 Commander Lin Fan! Chairman Lin Fan of the Global...
